Site of Amnesia: The Lost Historical Consciousness of Mizrahi Jewry Yvonne Kozlovsky Golan, 2019-03-25 This study deepens our historical understanding of the North African Jewish and Middle Eastern Jewish experience during WWII which is often under or mis represented by the media in Israel the Arab world France and Italy Public historical and sociocultural discourse is examined to clarify whether these communities are accepted by the world as Holocaust survivors Further it determines the extent to which their wartime history is revealed to Israeli society in its cultural performances Importantly this work addresses the reasons why the Holocaust of North African Jewry is absent from Israeli and world consciousness Finally the study contemplates the consequences of these phenomena for Israeli society as well as in the colonial countries of France and Italy In addition to using academic resources Golan captures this history from the margins by utilizing audio visual and artistic media in addition to evidence recorded on community heritage websites Facebook and other online social networks Golan s book demonstrates that there is a moral imperative to preserve and transmit these memories of persecution and discrimination David B Levy Touro College NYC Association of Jewish Libraries News and Reviews 1 2 2019

Literature of the Holocaust Alan Rosen, 2013-11-14 During and in the aftermath of the dark period of the Holocaust writers across Europe and America sought to express their feelings and experiences through their writings This book provides a comprehensive account of these writings through essays from expert scholars covering a wide geographic linguistic thematic and generic range of materials Such an overview is particularly appropriate at a time when the corpus of Holocaust literature has grown to immense proportions and when guidance is needed in determining a canon of essential readings a context to interpret them and a paradigm for the evolution of writing on the Holocaust The

expert contributors to this volume who negotiate the literature in the original languages provide insight into the influence of national traditions and the importance of language especially but not exclusively Yiddish and Hebrew to the literary response arising from the Holocaust

The Holocaust and North Africa Aomar Boum, Sarah Abrevaya Stein, 2018-11-06 The Holocaust is usually understood as a European story Yet this pivotal episode unfolded across North Africa and reverberated through politics literature memoir and memory Muslim as well as Jewish in the post war years The Holocaust and North Africa offers the first English language study of the unfolding events in North Africa pushing at the boundaries of Holocaust Studies and North African Studies and suggesting powerfully that neither is complete without the other The essays in this volume reconstruct the implementation of race laws and forced labor across the Maghreb during World War II and consider the Holocaust as a North African local affair which took diverse form from town to town and city to city They explore how the Holocaust ruptured Muslim Jewish relations setting the stage for an entirely new post war reality Commentaries by leading scholars of Holocaust history complete the picture reflecting on why the history of the Holocaust and North Africa has been so widely ignored and what we have to gain by understanding it in all its nuances Published in association with the United States Holocaust Memorial Museum

The Jews of North Africa Sarah Taieb-Carlen, 2010-02-23 Before the Arabo Muslim conquest of 698 the Jews lived peacefully in North Africa with the other inhabitants of the region except for a few brief periods of Roman and Byzantine rules Under Islam life was at times so good that some of the most important religious works since Babylon were written by North African Jewish scholars Often however the Jews suffered because of the dhimmi status that the Muslims imposed upon them and through which they were

discriminated against and even persecuted Consequently they welcomed the French colonization of their country from 1830 to 1962 Their enthusiastic adoption of everything French among which the rejection of religion came with a high price the almost total loss of their Jewish identity which caused them to feel so alienated in their native land that when the French left so did they mostly for Israel but also for other countries

Francophone Sephardic Fiction Judith Roumani, 2022-04-13 Francophone Sephardic Fiction Writing Migration Diaspora and Modernity approaches modern Sephardic literature in a comparative way to draw out similarities and differences among selected francophone novelists from various countries with a focus on North Africa The definition of Sepharad here is broader than just Spain it embraces Jews whose ancestors had lived in North Africa for centuries even before the arrival of Islam and who still today trace their allegiance to ways of being Jewish that go back to Babylon as do those whose ancestors spent a few hundred years in Iberia The author traces the strong influence of oral storytelling on modern novelists of the twentieth and early twenty first centuries and explores the idea of the portable homeland as exile and migration engulfed the long rooted Sephardic communities The author also examines diaspora concepts how modernity and post modernity threatened traditional ways of life and how humor and an active return into history for the novel have done more than mere nostalgia could to enliven the portable homeland of modern francophone Sephardic fiction
