Eyes Behind the Lines: US Army Long-Range Reconnaissance and Surveillance Units James F. Gebhardt,2005 Eyes Behind the Lines US Army Long Range Reconnaissance and Surveillance Units is the 10th study in the Combat Studies Institute CSI Global War on Terrorism GWOT Occasional Paper series This work is an outgrowth of concerns identified by the authors of On Point The United States Army in Operation IRAQI FREEDOM Specifically these authors called into question the use of long range surveillance LRS assets by commanders during that campaign and suggested an assessment ought to be made about their continuing utility and means of employment This revision contains some important additional information the author received after this book was originally published Major Retired James Gebhardt of CSI researched and wrote this Occasional Paper with that end in

view In this study Gebhardt surveys the US Army's historical experience with LRRP and LRS units from the 1960s Cold War and Vietnam War through their resurgence in the 1980s and use in Operations JUST CAUSE and DESERT STORM to the advent of the GWOT The paper's analytical framework examines each era of LRS units in terms of doctrine organization training materiel leadership and personnel In doing so the author makes a strong case for continuing the LRS capability in the Army's force structure The variety of environments and enemies likely to be faced by the military in the GWOT continues to demand the unique human intelligence abilities of trained and organized LRS units As the Army leads the Armed Forces of the United States in combating terrorists where they live the lessons found in this survey remain timely and relevant A *Shau Jay Phillips*, 2021-05-11 Nestled in Vietnam's Thua Thien Province west of the city of Hue and bordering Laos the narrow 40 kilometer long A Shau Valley situated between densely forested mountain ranges witnessed prolonged campaigning throughout the Vietnam War and served as a hub of the Communist supply network as well as a key point of access to South Vietnam Drawing upon an impressive array of archival materials this deeply researched book offers the first comprehensive account of operations and battles that transpired there during the war coupled with a trenchant analysis of the American failure to wrest control of the Valley despite years of commitment of troops and resources and how that failure contributed to the final outcome of the war In so doing it not only sheds light on where military tactics and strategy devised by American leaders went awry but also traces the extraordinary acts of heroism on the part of American soldiers many of whom lost their lives fighting the North Vietnamese in this hostile forbidding terrain This book which fills a gap in the historiography of the Vietnam War will appeal to scholars seeking to enhance their understanding of major events and turning points in the war as well as to students of military history and strategy **Eyes Behind the Lines** James F. The Infernal Device and Others Michael Kurland, 2001-08-11 Since their original appearance more than two decades ago Michael Kurland's two novels featuring Professor James Moriarty *The Infernal Device* and *Death by Gaslight* have been among the most acclaimed of the works based on the characters first introduced by Arthur Conan Doyle In Doyle's original stories Professor Moriarty is the bete noire of Sherlock Holmes who deems the professor his mental equivalent and ethical opposite declares him the Napoleon of Crime and wrestles him seemingly to their mutual deaths at Reichenbach Falls But indeed there are two sides to every story and while Moriarty may not always tread strictly on the side of the law he is also in these novels not quite about the person that Holmes and Watson made him out to be In Kurland's fictions about Moriarty the truth is finally revealed *The Infernal Device* A dangerous adversary seeking to topple the British monarchy places Moriarty in mortal jeopardy forcing him to collaborate with his nemesis Sherlock Holmes *Death by Gaslight* A serial killer is stalking the cream of England's aristocracy baffling both the police and Sherlock Holmes and leaving the powers in charge to play one last desperate card Professor Moriarty *The Paradol Paradox* The first new Moriarty story in almost twenty years it has never before appeared in print Brilliantly and vividly evoking late Victorian England in all its facets this first ever

omnibus of the adventures of Professor James Moriarty will delight longtime fans as well as readers new to the milieu

Phantoms of Breslau Marek Krajewski, 2014-01-07 *Phantoms of Breslau* is a cynical moody thriller which solidifies Krajewski's position as a distinctive voice in contemporary European fiction. In 1919, the hideously battered naked bodies of four sailors are discovered on an island in the River Oder. When Criminal Assistant Eberhard Mock, back from the war, arrives at the scene to investigate, he finds an enigmatic note addressed to him insisting that he admit to past mistakes and become a believer. As he endeavors to piece together the elements of the brutal crime, Mock combs the brothels and drinking dens of the then still German city of Breslau and is drawn into an insidious game. It seems that anyone he questions during the course of the investigation is destined to become the next victim. Meanwhile, Mock uncovers a secret society that has the Criminal Assistant himself clearly in its sights. Dark, sophisticated and uncompromising, the distinctive Breslau series has already received broad critical acclaim. *Phantoms of Breslau* confirms Eberhard Mock as one of the most outrageous and original detectives in crime fiction.

Hot Shots and Heavy Hits Paul E. Doyle, 2010-09 A riveting first-hand account of life as an undercover drug agent.

Death in the A Shau Valley Larry Chambers, 2018-03-13 Featuring a new introduction by the author about his return to Vietnam, his reflections on the war and his humanitarian work in Cambodia. The enemy had a single purpose: kill me and my teammates. Larry Chambers was still new to Vietnam in early 1969 when the LRRPs of the 101st Airborne Division became L Company 75th Rangers. But his unit's mission stayed the same: act as the eyes and ears of the 101st deep in the dreaded A Shau Valley where the NVA ruled. Relentless thick fog frequently made fighter bombers useless in the A Shau, and the enemy had furnished the nearby mountaintops with anti-aircraft machine guns to protect the massive trail network that snaked through it. So outgunned, outmanned, and unsupported, the teams of L Company executed hundreds of courageous missions. Now in this powerful personal record, Larry Chambers recaptures the experience of the war's most brutal on-the-job training where the slightest noise or smallest error could bring sudden and certain death.

Ralph Compton Blood on the Gallows Joseph A. West, Ralph Compton, 2008-08-05 A detective uses his gun to speak for the oppressed in this Ralph Compton western. Former big city detective John McBride is an easy-going man until people rub him the wrong way. So he's less than pleased when the fast gun marshal of Rest and Be Thankful warns him to behave himself or else he'll wind up swinging next to the three hanged men outside of town. Driven by the plight of the town's terrified citizenry and one beautiful woman in particular, McBride takes on the local lawman, an evil mayor, and his cruel son, and a small army of hired gunmen. Helped by a mysterious white-haired preacher who shoots first and asks questions later, McBride will give the townsfolk reason to be thankful and their vicious tormentors eternal rest in hell.
