*Literacy Intervention in the Middle Grades* Kevin Flanigan, Latisha Hayes, 2022-12-27. No two students in grades 4-8 are identical and many struggle with literacy for different reasons. Using a teacher-friendly hands-on approach, this eminently practical book walks educators through the nuts and bolts of literacy intervention in the middle grades. Highlights include North Star principles to orient instruction, an assessment flowchart, and extended case studies of three middle grades learners. The book offers evidence-based intervention practices for targeting specific literacy components including word recognition, fluency, vocabulary, and comprehension. Teachers are guided to plan structured but flexible interventions that promote literacy growth and engagement. Sample lesson plans and clear, engaging figures illustrate how to make literacy intervention work for all students.

*Instructional Design Exemplars in eHealth and mHealth Education Interventions* Tamim, Suha R., 2022-03-18. The use of eHealth and mHealth interventions for health promotion, health professional education, and health professional support is on the rise. They have a significant potential for learning through their wide reach, ability to tailor to specific needs, and facilitation of engagement, interactivity, and collaboration. Although eHealth and mHealth interventions are invested in quality and effectiveness, they vary in their use of theory and instructional design principles based on the perspectives of the disciplines that can influence their work. *Instructional Design Exemplars in eHealth and mHealth Education Interventions* showcases design exemplars of eHealth and mHealth interventions in health promotion and in education and support of health professionals. These exemplars demonstrate the integration of theory and design principles that benefit health professionals and health education. Covering topics such as healthcare access, instructional technology, and diverse learning experiences, this book is a dynamic resource for health professionals, instructional designers, educators, researchers, hospital administrators, policymakers, researchers, and academicians.
