Size And Local Democracy:

Size and Local Democracy Bas Denters, Michael Goldsmith, Andreas Ladner, Poul Erik Mouritzen, Lawrence E. Rose, 2014-09-26 How large should local governments be and what are the implications of changing the scale of local governments for the quality of local democracy These questions have stood at the centre of debates among scholars and public sector reformers alike from *Global Encyclopedia of Public Administration, Public Policy, and Governance* Ali Farazmand, 2023-04-05 This global encyclopedic work serves as a comprehensive collection of global scholarship regarding the vast fields of public administration public policy governance and management Written and edited by leading international scholars and practitioners this exhaustive resource covers all areas of the above fields and their numerous subfields of study In keeping with the multidisciplinary spirit of these fields and subfields the entries make use of various theoretical empirical analytical practical and methodological bases of knowledge Expanded and updated the second edition includes over a thousand of new entries representing the most current research in public administration public policy governance nonprofit and nongovernmental organizations and management covering such important sub areas as 1 organization theory behavior change and development 2 administrative theory and practice 3 Bureaucracy 4 public budgeting and financial management 5 public economy and public management 6 public personnel administration and labor management relations 7 crisis and emergency management 8 institutional theory and public administration 9 law and regulations 10 ethics and accountability 11 public governance and private governance 12 Nonprofit management and nongovernmental organizations 13 Social health and environmental policy areas 14 pandemic and crisis management 15 administrative and governance reforms 16 comparative public administration and governance 17 globalization and international issues 18 performance management 19 geographical areas of the world with country focused entries like Japan China Latin America Europe Asia Africa the Middle East Russia and Eastern Europe North America and 20 a lot more Relevant to professionals experts scholars general readers researchers policy makers and manager and students worldwide this work will serve as the most viable global reference source for those looking for an introduction and advance knowledge to the field *Size and Local Democracy in Norway* Ishtiaq Jamil, LOS-Senteret, 1991 **Decentralization and Local Democracy in the World** United Cities and Local Governments (UCLG), 2008-11-04 Decentralization and Local Democracy in the World constitutes a global reference on decentralization by presenting the contemporary situation of local governments in all regions of the world The report analyzes local authorities in each continent under three main themes the evolution of territorial structures responsibilities and power management and finances and local democracy An additional chapter is dedicated to the governance of large metropolises where rapid growth presents major challenges in particular in the fast developing countries of the South This report also offers a comparative overview of the different realities concerning the state of decentralization and how the basic indispensable mechanisms for local democracy do or do not exist in some countries Relationships between the state and local

authorities are evolving toward innovative forms of cooperation In this context the role of local authorities in the development of global policies is increasingly recognized The first Global Observatory on Local Democracy and Decentralization GOLD Report is one of the main products of United Cities and Local Governments UCLG The GOLD Report is the first of what will be a triennial publication UCLG represents and defends the interests of local governments on the world stage regardless of the size of the communities they serve Headquartered in Barcelona the organization s stated mission is To be the united voice and world advocate of democratic local self government promoting its values objectives and interests through cooperation between local governments and within the wider international community **Research**

Handbook on Political Representation Maurizio Cotta,Federico Russo,2020-12-25 At a time when political representation can be said to be facing its ultimate crisis this crucial work clarifies the terms of the debate providing an up to date analysis of the main conceptual and institutional controversies that have arisen surrounding this topic Written by leading scholars in the field contributions focus on how representation is conceptualised and its relation to democracy **Decentralized**

Governance and Accountability Jonathan A. Rodden,Erik Wibbels,2019-02-28 At the end of the twentieth century academics and policymakers welcomed a trend toward fiscal and political decentralization as part of a potential solution for slow economic growth and poor performance by insulated unaccountable governments For the last two decades researchers have been trying to answer a series of vexing questions about the political economy of multi layered governance Much of the best recent research on decentralization has come from close collaborations between university researchers and international aid institutions As the volume and quality of this collaborative research have increased in recent decades the time has come to review the lessons from this literature and apply them to debates about future programming In this volume the contributors place this research in the broader history of engagement between aid institutions and academics particularly in the area of decentralized governance and outline the challenges and opportunities to link evidence and policy action **Small Isn't Beautiful** Trevor Latimer,2023-02-15 Eat local has become a popular marketing slogan in recent years based on the idea that food grown or raised nearby is better for you and friendlier to the environment than similar products shipped in from many miles away That slogan reflects a broader worldview suggesting that everything local including government and knowledge is better than what originates somewhere else Small Isn t Beautiful acknowledges that some things that are local are good but denies that what s local is always or even often better than what s far away Localism is based on an undeserved aura of respectability virtue and good sense and can produce results that are misguided or even dangerous Particularly when it comes to public policies decisions made at the local level are rarely superior and are sometimes unjust Small Isn t Beautiful exposes the supposed virtue of localism as a hodgepodge of weak arguments and misleading hunches Trevor Latimer s engagingly written and provocative book will appeal to all readers who want to understand localism beyond slogans and marketing **The Oxford Handbook of Social and Political Trust** Eric M.

Uslaner, 2018 This volume explores the foundations of trust and whether social and political trust have common roots Contributions by noted scholars examine how we measure trust the cultural and social psychological roots of trust the foundations of political trust and how trust concerns the law the economy elections international relations corruption and cooperation among myriad societal factors The rich assortment of essays on these themes addresses questions such as How does national identity shape trust and how does trust form in developing countries and in new democracies Are minority groups less trusting than the dominant group in a society Do immigrants adapt to the trust levels of their host countries Does group interaction build trust Does the welfare state promote trust and in turn does trust lead to greater well being and to better health outcomes The Oxford Handbook of Social and Political Trust considers these and other questions of critical importance for current scholarly investigations of trust
