Elizabeth Johnston aka The Activist Mommy, who has made Christian activism a calling for her life and her family. In *Not on My Watch*, Johnston courageously defends the timeless truths of God's Word and inspires and encourages other Christians to unite in winning this war for our children, our morals, our freedom, and our culture.

*Book Dealers' Weekly*, 1925. *Systematics and Taxonomy of Australian Birds* Les Christidis, Walter E. Boles, 2008-01-25. *Systematics and Taxonomy of Australian Birds* presents an up-to-date classification of Australian birds. Building on the authors' 1994 book *The Taxonomy and Species of Birds of Australia and its Territories*, it incorporates the extensive volume of relevant systematic work since then. The findings of these studies are summarised and evaluated in the explanations for the taxonomic treatments adopted, and with the extensive citations, the book serves as a comprehensive introduction to the recent systematic literature of Australian birds. All species of birds that have been recorded from the Australian mainland, Tasmania, island territories, and surrounding waters are treated and listed. Along with extant native species, all accepted vagrants, recently extinct, since 1800, native species, and established introduced species are included.
