The VW Camper Van Mike
 Harding,2013-05-23 It was invented immediately after the war in the factory a far sighted English military man had set up to
 turn the German economy from making machines of warfare to more pacific products By the seventies that dream had been
 amply fulfilled as the VW Campervan became the conveyance of choice for West Coast hippies Australian surf bums and
 Europeans taking the overland route to find enlightenment and good karma in India It had also become indeed still is the first
 choice for any couple or family seeking a cheap camping holiday with wheels attached So never mind the oddly off centre
 driving wheel the vagaries of the aircooled rear engine the VW Campervan had become more than a vehicle it had truly
 become a way of life Mike Harding s first ride in a Volkswagen Camper Van was back in 1961 when it was the carrying
 around the gear and bandmembers of his rock band the Manchester Rainmakers Finally in 2009 he could wait no longer and
 bought his own a 2001 Type 2 bay window Brazilian import Danbury conversion in hot orange and off white Add in the
 endless curiosity of the author of eight monographs on church architecture and the hilarious sense of humour of one of
 Britain s best stand up comics and you have a wonderful social history of the postwar years through the prism of a single
