The Bible J K Alexander,2019-08-16 With facts and information insightful commentary and even a few flights of fantasy The Story Behind the Bible weaves a magnetic journey through the most ancient texts of the Bible for believers and non believers alike It s a journey that could draw you into a universe that is larger and more incredible than you ever thought possible Rather than creating a typical Bible study J K Alexander shares his unique perspectives on how and why events in the Bible occurred from Genesis to Deuteronomy Whether you re a longtime Christian or a skeptic you re sure to glean thought provoking information from this intriguing read The Q Series Trevor Hoyle,2018-06-14 The Q Series includes Seeking the Mythical Future Through the Eye of Time and The Gods Look Down An acclaimed scientist is chosen to travel through

alternate futures to find safe haven and instead finds a totalitarian world of dictators and concentration camps Christian Queghan is a Myth Technologist a highly respected scientist on Earth IVN Like so many other worlds colonised generations ago the planet was created to be as much like Old Earth as possible even though Old Earth itself is now pretty much a myth the stuff of legend But Earth IVN has its problems too Now a machine has been developed to project a researcher into one of the infinite number of possible futures of Earth IVN and Christian Queghan is the ideal subject He can't resist the idea of going where no man has gone before but there are an infinite number of possible futures and no guarantee of a safe return On a parallel world a strange translucent figure is found floating in the blood red ocean on a craft of scorched metal Could the alien's claim to come from the future be true Or is this totalitarian world of dictators and concentration camps a dream projection from another dimension The Q Series is an epic science fiction adventure through parallel worlds *Wonders in the Sky* Jacques Vallee, Chris Aubeck, 2010-10-28 One of the most ambitious works of paranormal investigation of our time here is an unprecedented compendium of pre twentieth century UFO accounts written with rigor and color by two of today's leading investigators of unexplained phenomena In the past century individuals newspapers and military agencies have recorded thousands of UFO incidents giving rise to much speculation about flying saucers visitors from other planets and alien abductions Yet the extraterrestrial phenomenon did not begin in the present era Far from it The authors of *Wonders in the Sky* reveal a thread of vividly rendered and sometimes strikingly similar reports of mysterious aerial phenomena from antiquity through the modern age These accounts often share definite physical features such as the heat felt and described by witnesses that have not changed much over the centuries Indeed such similarities between ancient and modern sightings are the rule rather than the exception In *Wonders in the Sky* respected researchers Jacques Vallee and Chris Aubeck examine more than 500 selected reports of sightings from biblical age antiquity through the year 1879 the point at which the Industrial Revolution deeply changed the nature of human society and the skies began to open to airplanes dirigibles rockets and other opportunities for misinterpretation represented by military prototypes Using vivid and engaging case studies and more than seventy five illustrations they reveal that unidentified flying objects have had a major impact not only on popular culture but on our history on our religion and on the models of the world humanity has formed from deepest antiquity Sure to become a classic among UFO enthusiasts and other followers of unexplained phenomena *Wonders in the Sky* is the most ambitious broad reaching and intelligent analysis ever written on premodern aerial mysteries *Modern Technology and Sciences... in the Bible* Alla Peace, John Anderson, 2012-12-26 Based exclusively on the biblical verses the book *Modern Technology and Sciences in the Bible* reveals outstanding facts that modern discoveries are actually a rediscovery of remote ancient knowledge practically in all major fields of technology and sciences Each biblical quotation on these subjects has been analyzed comparing them with modern knowledge in technology astronomy cosmology physics geology biology medicine and metaphysical philosophy It proves that this high level of knowledge actually belonged to a sophisticated

prehistoric civilization It also conclude that original unknown biblical texts are just pieces of vanished records left behind by an advance society of aliens biblical gods that visited and settled on the earth before our time The book is supported by an appendix which includes glossary glossary of persons geographical glossary measurements bibliography and maps **The Gods Were Astronauts** Erich von Däniken,2023-07-03 Bestselling author Erich von D niken explores the evidence of ancient visitors treated as gods in religious scripture and mythology His findings shake the foundations of both science and faith Why do nearly all the world s major religions share similar myths and legends Whether it s the Old Testament ancient legends or the creation myths of New Zealand s natives you come across similar stories everywhere Erich von D niken author of the international bestseller Chariots of the Gods believes he knows the answer and it is as wondrous and awe inspiring as it is controversial The winged angels populating the Bible the Koran and other religious texts from cultures the world over were in reality extraterrestrials who visited the Earth in ages long past Who were the gods of ancient lore How can the contradictions in the Bible be explained Why are the pagodas of Myanmar formerly Burma so amazingly similar to space capable rockets Erich von D niken provides convincing new and surprising interpretations and answers that fundamentally contradict both the teachings of religion and current science His astonishing conclusion The gods were not metaphysical beings that humans created in their imagination but extraterrestrial intelligences that have left their traces all over the Earth He offers persuasive evidence that actual living beings inspired the legends that became the basis for many of our religious traditions **Dani's Shorts 2** Dani J Caile,2014-02-17 Yes it s Volume 2 of TIW shorts Yet another collection of totally pointless exactly 500 and exactly 200 word nonsense to entertain you while doing whatever you do when reading I hope you enjoy these short snippets just as much as you enjoyed Volume 1 Thanks again to Brian and all the other Iron Writers for making The Iron Writers phenomenon the success that it already is If you are up to the Challenge then go to <http://theironwriter.com> *The Stranglers: Song by Song* Hugh Cornwell,Jim Drury,2011-08-01 The Stranglers have outlasted and outsold virtually every other band of their era recording ten hit albums and releasing 21 Top 40 singles Their list of hits including Golden Brown were written against a background of spectacular success dismal failure drug dependency financial ruin infighting and misfortune As a response to David Buckley s one sided biography of the band No Mercy Hodder Stoughton 1997 and the band s reticence to reveal the true meaning behind their songs Hugh Cornwell founding member and songwriter sets the record straight displaces the myths and for the first time explains the real stories behind The Stranglers his departure and the origins of their songs **The Disinformation Guide to Ancient Aliens, Lost Civilizations, Astonishing Archaeology & Hidden History** The Disinformation Guide,2013-04-01 This compendium of ancient mysteries and controversial knowledge is an excellent briefing on the genre and its complexities Fortean Times Where did modern civilization begin What lies beneath the waves Do myths describe interstellar impact How d they lift that stone Was the Ark of the Covenant a mechanical device Were there survivors of an Atlantean catastrophe Who really

The Dream Culture of the Neanderthals Stan Gooch, 2006-01-12 Explores the influence of Neanderthal man on the cultural and biological development of humanity Traces the power of long held beliefs and superstitions to the influence of Neanderthal lunar and dream based traditions Offers a compelling vision of a unified humanity that can benefit from the gifts of both its Neanderthal and Cro Magnon ancestors Provides evidence that direct descendants of the Neanderthal race may still be alive in Central Asia A number of long standing beliefs and superstitions show how the ideas that dominated the lives of our ancestors still have a powerful influence on us today The disturbing power attributed to the number thirteen the positive influence of the number seven and the comfort offered by the admonition knock wood all reveal the enduring presence of our most ancient ancestors the Neanderthals Contrary to current theories Stan Gooch maintains that the Neanderthals were not destroyed by the younger Cro Magnon culture but were incorporated into that culture through interbreeding The blending of the disparate influences of the lunar matriarchal based Neanderthals and the solar patriarchal Cro Magnons may explain the contradictory impulses and influences that have generated human conflict for millennia In fact the author suggests that the caste system in India may have been constructed to utilize the strengths of both lunar and solar cultures and to minimize the conflict between the two There is evidence that direct descendents of the moon worshipping dream cultivating Neanderthal race are still living in Central Asia today While their physical descendants may be almost extinct the influence of Neanderthal wisdom remains strong and can be found not only in witchcraft lore and the Kabbalah but in the formative tenets of the Knights Templar the Rosicrucians and even Christianity [The Fifth Science Fiction](#)
