The Making Of Sir Philip Sidney:

The Making of Sir Philip Sidney Edward Berry, 1998-12-15 Does a poet make himself or do his culture and his fiction make him Sir Philip Sidney is one of the most popular and enduring of Elizabethan authors and one of those most preoccupied with the relationship between self society and art Edward Berry's *The Making of Sir Philip Sidney* explores how Sidney made or created himself as a poet by making representations of himself in the roles of some of his most literary creations Philisides Astrophil and the intrusive persona of the Defence of Poetry Focusing on the significance of these and other self representations throughout Sidney's career Berry combines biography social history and literary criticism to achieve a carefully balanced portrayal of the poet's life and work This is a book that makes a significant contribution to our understanding of Sidney and is likely to appeal to both students and scholars of Sidney as well as to those wishing to understand the cultural events that shaped this central figure of the English Renaissance Electronic Format Disclaimer Figure 2 removed at the request of the rights holder

Philip Sidney and the Poetics of Renaissance Cosmopolitanism Robert E. Stillman, 2016-04-22 Celebrations of literary fictions as autonomous worlds appeared first in the Renaissance and were occasioned paradoxically by their power to remedy the ills of history Robert E Stillman explores this paradox in relation to Philip Sidney's *Defence of Poesy* the first Renaissance text to argue for the preeminence of poetry as an autonomous form of knowledge in the public

domain Offering a fresh interpretation of Sidney s celebration of fiction making Stillman locates the origins of his poetics inside a neglected historical community the intellectual elite associated with Philip Melanchthon leader of the German Reformation after Luther the so called Philippists As a challenge to traditional Anglo centric scholarship his study demonstrates how Sidney s education by Continental Philippists enabled him to dignify fiction making as a compelling form of public discourse compelling because of its promotion of powerful new concepts about reading and writing its ecumenical piety and its political ambition to secure through natural law from universal Ideas freedom from the tyranny of confessional warfare Intellectually ambitious and wide ranging this study draws together various elements of contemporary scholarship in literary religious and political history in order to afford a broader understanding of the Defence and the cultural context inside which Sidney produced both his poetry and his poetics

Sidney's Arcadia and the conflicts of virtue Richard James Wood,2020-04-16 Wood reads Philip Sidney s New Arcadia in the light of the ethos known as Philippism after the followers of the Protestant theologian Philip Melanchthon He uses a critical paradigm previously used to discuss Sidney s Defence of Poesy and narrows the gap often found between Sidney s theory and literary practice

Karen Bamford, Naomi J. Miller, 2016-05-06 Though recent scholarship has focused both on motherhood and on romance literature in early modern England until now no full length volume has addressed the notable intersections between the two topics This collection contributes to the scholarly investigation of maternity in early modern England by scrutinizing romance narratives in various forms considering motherhood not as it was actually lived but as it was figured in the fantasy world of romance by authors ranging from Edmund Spenser to Margaret Cavendish Contributors explore the traditional association between romance and women both as readers of fiction and as tellers of old wives tales as well as the tendency of romance plots with their emphasis on the family and its reproduction to foreground matters of maternity Collectively the essays in this volume invite reflection on the uses to which Renaissance culture put maternal stereotypes the virgin mother the cruel step dame as well as the powerful fears and desires that mothers evoke assuage and sometimes express in the fantasy world of romance **Early Modern Authorship and Prose Continuations** N. Early Modern Catholics, Royalists, and Cosmopolitans Brian C. Lockey, 2016-03-09 Early Modern Catholics Royalists and Cosmopolitans considers how the marginalized perspective of 16th century English Catholic exiles and 17th century English royalist exiles helped to generate a form of cosmopolitanism that was rooted in contemporary religious and national identities but also transcended those identities Author Brian C Lockey argues that English discourses of nationhood were in conversation with two opposing cosmopolitan perspectives one that sought to cultivate and sustain the emerging English nationalism and imperialism and another that challenged English nationhood from the perspective of those Englishmen who viewed the kingdom as one province within the larger transnational Christian commonwealth Lockey illustrates how the latter cosmopolitan perspective produced within two communities of exiled English subjects separated in time by half a century influenced fiction writers such as Sir Philip Sidney Edmund Spenser Anthony Munday Sir John Harington John Milton and Aphra Behn Ultimately he shows that early modern cosmopolitans critiqued the emerging discourse of English nationhood from a traditional religious and political perspective even as their writings eventually gave rise to later secular Enlightenment forms of cosmopolitanism

The Rhetoric of Concealment Rosemary Kegl, 1994 Demonstrating how struggles over gender and class were mediated through formal properties of writing The Rhetoric of Concealment offers a new framework for the discussion of court literature and middle class literature in the English Renaissance Rosemary Kegl offers powerful readings of works by Puttenham Sidney Shakespeare and Deloney and considers an array of other texts including journals gynecological and obstetrical writings misogynist tracts defenses of women prescriptive literature on companionate marriage royal proclamations legal records and town charters

English Women, Religion, and Textual Production, 1500-1625 Micheline White, 2016-05-13 Contributing to the growing interest in early modern women and religion this essay collection

advances scholarship by introducing readers to recently recovered or little studied texts and by offering new paradigms for the analysis of women's religious literary activities. Contributors underscore the fact that women had complex multi-dimensional relationships to the religious-political order, acting as activists for specific causes but also departing from confessional norms in creative ways and engaging in intra as well as extra-confessional conflict. The volume thus includes essays that reflect on the complex dynamics of religious culture itself and that illuminate the importance of women's engagement with Catholicism throughout the period. The collection also highlights the vitality of neglected intertextual genres such as prayers, meditations, and translations, and it focuses attention on diverse forms of textual production such as literary writing, patronage, epistolary exchanges, public reading, and epitaphs. Collectively, *English Women, Religion, and Textual Production, 1500-1625* offers a comprehensive treatment of the historical, literary, and methodological issues preoccupying scholars of women and religious writing.
