Edward Byles Cowell, Friedrich Max Müller, 1968 The Buddha karita is an early Sanskrit poem written in India on the legendary history of Buddha and therefore contains much that is of interest for the history of Buddhism beside its special importance as illustrating the early history of classical Sanskrit literature It is ascribed to Asvaghosha and although there were several writers who bore that name it seems most probable that our author was the contemporary and spiritual adviser of Kanishka in the first century of our era This poem and many more Buddhist writings are included in this compilation

It was Babaji's wish that his message should be compiled and printed in a concise version. His lectures were therefore dismantled and compiled according to topics. It was however the declared goal for the compilation to reproduce Babaji's sayings as well as possible in his own words.

Jane Austen and the Buddha Kathryn Duncan, 2021-11-23 Jane Austen wrote six books that were published at the beginning of the 19th century all with happy endings. Yet below the courtship novels sparkling wit and dance scenes flows an undercurrent of suffering. Austen had a deep understanding of the sources and cure for suffering that shares much in common with Buddhism. Though not intentionally writing through the lens of Buddhism, Austen intuitively understood the Buddha's most fundamental teaching of the Four Noble Truths that life contains suffering that we can discover the causes of suffering and that we can stop suffering by following the Eightfold Path described by the Buddha. In this book Austen fans or those who wish for a deeper understanding of how stories can alleviate suffering will discover a combination of psychology and Buddhism alongside accessible close readings of Austen. This unique approach offers insight into Austen's enduring popularity and lessons we might apply to our own lives to find happiness just like Austen's heroines. **The Sutra of Explaining the Profound Secret** Naichen Chen, 2023-02-10 The Sutra of Explaining the Profound Secret provides the theoretical foundations of Yogacara Buddhism with Sakyamuni Buddha's teachings on mind consciousness the ultimate meanings of knowledge the selflessness of the names and concepts the natures of existent beings the yoga path of samatha and vipasyana the ten stages of bodhisattva and the ten paramitas and the exquisite and superior things the Thus Comers have fulfilled. The Lotus Sutra (Saddharma-Pundarika) Johan Hendrik Caspar Kern, The Lotus Sutra is considered the greatest of all Buddhist scriptures It interprets the person of Buddha as a manifestation of metaphysical entity and synthesizes the two aspect of his being his incarnation in human life and his real ontological identity It teaches salvation for all creatures reducing the Three Vehicles to One Vehicle on the principle of One is all and All is One We know nothing of its authorship or its place of origin but its first translation into Chinese is dated c 255 A D

The Lotus Sutra: SADDHARMA PUNDARIKA Translated by H. KERN, 2017-03-31 This sutra is known for its extensive instruction on the concept and usage of skillful means Sanskrit upaya Japanese hoben the seventh paramita or perfection of a Bodhisattva mostly in the form of parables It is also one of the first sutras to use the term Mahayana or Great Vehicle Buddhism Another concept introduced by the Lotus Sutra is the idea that the Buddha is an eternal entity who achieved nirvana eons ago but willingly chose to remain in the cycle of rebirth samsara

to help teach beings the Dharma time and again He reveals himself as the father of all beings and evinces the loving care of just such a father Moreover the sutra indicates that even after the Parinirvana apparent physical death of a Buddha that Buddha continues to be real and to be capable of communicating with the world The idea that the physical death of a Buddha is the termination of that Buddha is graphically refuted by the movement and meaning of the scripture in which another Buddha who passed long before appears and communicates with Shakyamuni himself In the vision of the Lotus Sutra Buddhas are ultimately immortal A similar doctrine of the eternality of Buddhas is repeatedly expounded in the tathagatagarbha sutras which share certain family resemblances with the teachings of the Lotus Sutra In terms of literary style the Lotus Sutra illustrates a sense of timelessness and the inconceivable often using large numbers and measurements of time and space Some of the other Buddhas mentioned in the Lotus Sutra are said to have lifetimes of dozens or hundreds of kalpas while the number of Bodhisattvas mentioned in the Earth Bodhisattva chapter number in the billions if not more The Lotus Sutra also often alludes to a special teaching that supersedes everything else that the Buddha has taught but the Sutra never actually states what that teaching is This is said to be in keeping with the general Mahayana Buddhist view that the highest teaching cannot be expressed in words The ultimate teaching of the sutra however is implied to the reader that full Buddhahood is only arrived at by exposure to the truths expressed implicitly in the Lotus Sutra via its many parables and references to a heretofore less clearly imagined cosmological order Skillful means of most enlightened Buddhas is itself the highest teaching the Lotus Sutra itself in conjunction with the sutra's stated tenets that all other teachings are subservient to propagated by and in the service of this highest truth and teaching aimed at creating full Buddhas out of pratyekabuddhas lesser buddhas and bodhisattvas The text also implies a parent child relationship between the innumerable Buddhas and human beings and other types of beings with an explicit indication that all religions and paths are in some way or another part of the skillful means of this highest teaching which reaches its fullest expression in the Lotus Sutra The various religious institutions and their doctrinal proponents notwithstanding all paths are then officially speaking part of the skillful means and plan of Buddhism thus the sutra's former disavowal of all competitive doctrinal disputes Crucially not only are there multiple Buddhas in this view but an infinite stream of Buddhas extending through unquantifiable eons of time thousands of kotis of kalpas in a ceaseless cycle of creations and conflagrations In the vision set out in this sutra moreover not only are Buddhas innumerable but the universe encompasses realms of gods devas dragons and other mythological beings requiring numerous dimensions to contain them Buddhas are portrayed as the patient teachers of all such beings
