Syndicate the leaders of the rebel Midway Star System work to forge a government free enough to please its citizens yet strong enough to secure power But in a world where former rulers have become new foes an alien threat to humanity may turn old adversaries into uncertain allies President Gwen Icení believes Midway is their only defense against the enigmas Syndicate training taught her self preservation in a crisis yet she is determined to fight for the star system's fate even if it means joining forces with another former Syndicate CEO and an officer of the hated Alliance Despite General Artur Drakon's misgivings he partnered with Icení to overthrow Syndic forces Now with an enigma fleet menacing their hard earned independence he can ill afford to trust her or lose her support But in the back of his mind there are three words that describe someone who confides in a Syndicate CEO Stupid Betrayed Dead

Vanguard Jack Campbell, 2018-03-27 Jack Campbell returns to the world of the New York Times bestselling Lost Fleet novels with an action packed military science fiction series that explores the founding of the Alliance and the men and women who fought to create it Earth is no longer the center of the universe After the invention of the faster than light jump drive humanity is rapidly establishing new colonies But the vast distances of space mean that the old order of protection and interstellar law offered by Earth has ceased to exist When a nearby world attacks the new colony of Glenlyon turns to Robert Geary a young former junior fleet officer and Mele Darcy a onetime enlisted Marine With nothing but improvised weapons and a few volunteers Geary and Darcy must face down warships and armored soldiers or die trying As battles rage and pirates take an increasing toll throughout the colonies the only hope for lasting peace lies with Carmen Ochoa a Red from the anarchic world of Mars and Lochan Nakamura a failed politician They have a plan to lay the groundwork for mutual defense that could someday grow into an alliance But if their efforts don't succeed the growing power of aggressor worlds could turn regions of space founded on freedom into battlefields between the first interstellar empires
