**The Russian Revolution of 1917 - Memory and Legacy** Carol S. Leonard, Daniel Orlovsky, Jurej Petrov, 2024-07-30 The way in which the Russian Revolution of October 1917 is regarded and commemorated has changed considerably over time and is a contentious subject well demonstrated by the absence of any official commemoration in Russia in 2017 a huge contrast to the very large celebrations which took place in Soviet times This book which brings together a range of leading

historians of the Russian Revolution from both Russia and the West and both younger and older historians explores the changes in the way in which the October 1917 Revolution is commemorated and also examines fundamental questions about what the Russian Revolution indeed what any revolution was anyway Among the issues covered are how Soviet and Western historians diverged in their early assessments of what the Revolution achieved how the period studied by historians has recently extended both much earlier before 1917 and much later afterwards and how views of the Revolution within the Soviet Union changed over time from acceptance of the official Communist Party interpretation to more independent viewpoints Overall the book provides a major reassessment of one of the twentieth century s most important events The Russian Revolution Sheila Fitzpatrick,2001 The Russian Revolution had a decisive impact on the history of the twentieth century Now following the collapse of the Soviet regime and the opening of its archives it is possible to step back and see the full picture In this classic work the author incorporates data from archives that were previously inaccessible not only to Western but also to Soviet historians as well as drawing on important recent Russian publications such as the memoirs of one of the great survivors of Soviet politics Vyacheslav Molotov Impeccable in its scholarship and objectivity the book tells a gripping story of a Marxist revolution that was intended to transform the world visited enormous suffering on the Russian people and like the French Revolution before it ended up by devouring its own children In a concluding section that will be of great interest to scholars in the field as well as the general reader the author treats the Stalinist Great Purges as the last act of the drama of the Russian Revolution NCERT Questions-Answers - English Core for Class XII Megha

*State Capitalism: The Wages System under New Management* Adam Buick, John Crump, 1986-10-10 Here is the first comprehensive exposition of the theory of state capitalism Using a Marxist theoretical approach Buick and Crump show that private capitalism and state capitalism are equally suitable institutional arrangements for allowing capital to exploit wage workers State capitalism is examined in its Western form of selective nationalisation and in its full scale form as found in Russia or China The origins of Russian state capitalism are traced back to the 1917 revolution and Lenin's ideology Finally Buick and Crump suggest the kind of changed social relationships which would allow world capitalism to be replaced by world socialism

*Vlasov and the Russian Liberation Movement* Catherine Andreyev, 1987 Vlasov and the Russian Liberation Movement deals with the attempt by Soviet citizens to create a Russian anti Stalinist liberation

movement during the Second World War These Soviet citizens were mainly prisoners of war forced labourers or part of the population of the occupied territories of the USSR The Liberation Movement was encouraged by German officers who disagreed with Nazi policy towards the USSR as their experience showed that treating the population as subhumans Untermensch merely increased resistance to Nazi occupation Throughout the development of the Liberation Movement there existed a divergence of aims between the Russian members who wished to form an army and a political movement which would effect change within the USSR and its German supporters who merely wished to alter the type of propaganda directed towards the population of the USSR Catherine Andreyev provides an account of the evolution of the Russian Liberation Movement and examines the motivation of the titular leader of the movement Lieutenant General Andrey Andreyevich Vlasov The main focus of the book is the ideology of the Liberation Movement the importance of which lies in the fact that it represented the first grass roots opposition movement within the Soviet Union since the end of the Civil War in 1922 The programme of the Movement reflects issues which would have been raised by citizens in the 1930s had they been free to do so Catherine Andreyev examines influences on the programme and the ideas expressed are placed within the context of the pre war Soviet and Russian migr society

**The Russian Revolution and India** Ilasai Manian,V. Rajesh,2020-11-01 The October Revolution undoubtedly produced a radicalising effect on the Indian situation from the very beginning At the end of World War I India was astir with workers strikes and massive demonstrations against British repression Peasant unrest was also growing It was this awakened India entering the mass phase of its fight for independence which looked to the Russian Revolution and to its leader Lenin for inspiration and help They further saw that Lenin and other leaders of Soviet Russia stood for a new social order in which exploitation of man by man is ended an order based on brotherhood equality and cooperation of men and had established a society in which the working class and the toiling people had come into their own and taken over the reins of administration to build socialism This volume contains several articles and essays concerning the Indian national movement and the support extended by Russia In particular the essays related to the lives of the expatriate Indian revolutionaries in Europe and the meeting of Indian revolutionaries with Lenin are of interest in this volume The views of Indian national leaders like M K Gandhi Jawaharlal Nehru B G Tilak among others on Russian Revolution are also included In short this volume will be useful to understand the support extended by Russia to the Indian national movement during the first half of the twentieth century Please note This title is co published with Aakar Books New Delhi Taylor Francis does not sell or distribute the print edition in South Asia India Sri Lanka Nepal Bangladesh Pakistan Maldives or Bhutan

**Lenin, Trotsky and the Theory of the Permanent Revolution** John Peter Roberts,2014 Today yet again from Latin America to Nepal in India and the Middle East the question of which strategy the masses should adopt to take control of their own lives is being posed Without exception the leaders of the mass workers parties urge class collaboration as the way forward Actively supported by the national Communist Parties and even Maoist guerrilla groups a petty bourgeois amalgam proposes

collaboration with the so called national bourgeoisie as the only path to national independence and democracy In the century since the Russian Revolution the first modern popular revolution to succeed in throwing out the imperialists much time and effort has been spent especially by the former Soviet bureaucracy in neutering Lenin praising him while tearing out the revolutionary heart of his theories This book demonstrates that the Russian Revolution a model for a victorious popular revolution in a semi colonial country in the era of imperialism required not a bourgeois democratic but a socialist revolution for the people to take power The old regime had to be destroyed and the state and governmental power seized by the working classes before it was possible to achieve national independence and carry though any meaningful agrarian reform for the benefit of the peasantry Lenin s close collaborator in October 1917 was Leon Trotsky and the success of that revolution was due to the combination of the discipline and organisation of Lenin s Bolshevik Party and Trotsky s political theory of the permanent revolution This book goes back to basics critically analysing and comparing Lenin s and Trotsky s own writings which are sited in their source and inspiration the Russian Revolution of 1905 It is shown that Lenin in October 1917 adopted the perspectives of Permanent Revolution that to finally rid Russia of autocracy and legitimise the peasants seizure of the land the Russian Revolution required the introduction of the dictatorship of the proletariat and the first steps towards the collectivisation of the means of production Those who attack the theory of Permanent Revolution never challenge the correctness of its basic concept that the international socialist revolution could begin in semi feudal Russia Instead in the guise of anti Trotskyism they deny the validity of Lenin s struggle for a socialist revolution in October 1917
