International Law Reports: Volume 181 Christopher Greenwood,Karen Lee,2019-06-06 Decisions of international courts and arbitrators as well as judgments of national courts are fundamental elements of modern public international law The International Law Reports is the only publication in the world wholly devoted to the regular and systematic reporting in English of such decisions It is therefore an absolutely essential work of reference Volume 181 is devoted to the 2018 judgment of the Grand Chamber of the Court of Justice of the European Union in *Slovak Republic v Achmea BV* the 2018 judgment of the Grand Chamber of Court of Justice of the European Union in *R Western Sahara Campaign UK v Commissioners for Her Majesty s Revenue and Customs* and

Another and the translated judgment of the Norwegian Borgarting Court of Appeal in Huseini v Ministry of Justice and Public Security A New Idea of India Harsh Madhusudan,Rajeev Mantri,2025-07-30 For the better part of seven decades after independence the Nehruvian idea of India held sway in India s polity even if it was not always in consonance with the views of Jawaharlal Nehru himself Three key features constituted the crux of the Nehruvian way socialism which in practice devolved to corruption and stagnation secularism which boxed citizens into group membership and diluted individual identity and non alignment which effectively placed India in the Communist camp In the early Nineties India began a gradual withdrawal from this path But it was only in 2019 with Narendra Modi s second successive win in the general elections that this philosophy is finally being replaced by a worldview that acknowledges India as an ancient civilization even if a young republic and that sees citizens as equal for developmental and other purposes A New Idea of India constructs and expounds on a new framework beyond the rough and tumble of partisan politics Lucid in its laying out of ideas and policies while taking a novel position this book is illuminated by years of research and the authors first hand experiences as citizens entrepreneurs and investors of the vagaries and challenges of India This revised edition builds on some of the arguments of the earlier edition and brings things up to date **100 technical questions and answers for job interview Offshore Oil & Gas**

JKSSB Accounts Assistant (Finance Department) Exam Guide 2021 Arihant Experts,2021-02-21 *Financial Accounting and Reporting* Barry Elliott,Jamie Elliott,2019 Financial Accounting Reporting is the book that helps students and professionals succeed in their studies and the workplace by providing practical support and clear principles for applying international standards and preparing financial statements MyLab Accounting is not included Students if MyLab Accounting is a recommended mandatory component of the course please ask your instructor for the correct ISBN and course ID MyLab Accounting should only be purchased when required by an instructor Instructors contact your Pearson representative for more information Enhanced Cooperation and European Tax Law Caroline Heber,2021-06-17 The enhanced cooperation mechanism allows at least nine Member States to introduce secondary EU law which is only binding among these Member States From an internal market perspective enhanced cooperation laws are unique as they lie somewhere between unilateral Member State laws and uniform European Union law The law creates harmonisation and coordination between the

participating Member States but may introduce trade obstacles in relation to non participating Member States This book reveals that the enhanced cooperation mechanism allows Member States to protect their harmonised values and coordination endeavours against market efficiency Values which may not be able to justify single Member State s trade obstacles may outweigh pure internal market needs if an entire group of Member States finds these value worthy of protection However protection of the harmonised values can never go as far as shielding participating Member States from the negative effects of enhanced cooperation laws The hybrid nature of enhanced cooperation laws their nexus between the law of a single Member State and secondary EU law also demands that these laws comply with state aid law This book shows how the European state aid law provisions should be applied to enhanced cooperation laws Furthermore the book also develops a sophisticated approach to the limits non participating Member States face in ensuring that their actions do not impede the implementation of enhanced cooperation between the participating Member States Competition and Regulation in the Data Economy

Gintarė Surblytė-Namavičienė, 2020-10-30 This incisive book provides a much needed examination of the legal issues arising from the data economy particularly in the light of the expanding role of algorithms and artificial intelligence in business and industry In doing so it discusses the pressing question of how to strike a balance in the law between the interests of a variety of stakeholders such as AI industry businesses and consumers
