**Creating Joyful Classrooms** Sarah M. Butzin, 2018-01-15 Creating Joyful Classrooms is a practical response to the malaise in America's schools created by high stakes testing disrespect for the teaching profession and resources being redirected to charter schools and private school vouchers Classroom teachers feel helpless and students feel hapless Joy has left the building This book offers the antidote to return joy and passion to teaching and learning Whether a beginning teacher or a seasoned veteran this book shows the way back to timeless child centered best practices that engage young children and increase academic achievement As joyful classrooms multiply their success will drive out the poisonous rancor of cynicism and despair to become beacons of hope for children everywhere This book also makes the case for changing the status quo in the elementary school The standard traditional grade school is failing to meet the needs of children growing up in the information age Elementary schools must evolve into multi grade multi dimensional safe havens that challenge children academically while remembering to cherish childhood Based upon the theory of invitational education this book provides specific strategies along with classroom management tools to create highly engaging classrooms for young children It also offers inspiring stories of heroic teachers who beat the odds to bring joy back to school It's not too late for a better tomorrow
