Palm Beach People:

Palm Beach Book of Connections Palm Beach Society Staff, 2000-10-01 Palm Beach People Hilary Geary Ross, 2014-11-11 Palm Beach People is a dazzling portrait and insider's view of a fabled and exclusive resort community and its high profile denizens as seen through the lens of master photographer Harry Benson and the words of society columnist Hilary Geary Ross. Ross and Benson's critically acclaimed first project, the coffee table book *New York New York*, provided readers with an inside look at the homes and portraits of New York City's movers and shakers. In this beautiful deluxe size follow up *Palm Beach People*, Benson and Ross give the reader a grand tour of America's most glamorous watering hole. You'll meet everyone from captains of industry, politicians, movie stars, artists, and bestselling authors to celebrated athletes and society doyenne, all photographed in their exquisite private oases, often architectural masterpieces or in other of their favorite Palm Beach settings. *Palm Beach People* captures the essence of America's most exclusive enclave from the early 70s to today in hundreds of color and black and white photographs complimented by revealing captions. Subjects include the Duke and Duchess of Marlborough, former Canadian Prime Minister Brian Mulroney and his wife Mila Marie Josee Kravis, members of the Fanjul family, Judy and Alfred Taubman, Georgina Bloomberg, Pauline Pitt, Mrs. Henry Ford, Leonard Lauder, Tommy Lee Jones, David Koch, Arriana and Dixon Boardman, Tatiana Smith, Mrs. Winston Churchill, Brooke Shields, Anne Slater, and many many more.

Our Century Jan Tuckwood, 2000 Tall tales and a short history In Palm Beach County and the Treasure Coast most of the recorded history occurs in one century 1900 to 2000. Before the late 1800s only Indians and soldiers roamed the hostile wilderness south of Sebastian Inlet. The U S Census of 1830 recorded just 517 people in all of South Florida and the map makers showed Lake Okeechobee as a tiny dot. Nobody dared go down into that beast filled swamp to check it out. But slowly the civilized world made its way to this wonderland. The Jupiter Lighthouse began beaming in 1860, 15 years after Florida became the 27th state in the union. By 1876 the U S government had built nine houses of refuge for mariners including Gilbert's Bar on Hutchinson Island and Orange Grove in Delray Beach. Gilbert's Bar is still standing, the oldest building in Martin County. What lured the pioneers here? Why did they spend harrowing days and nights sailing and poling through narrows and swamps to get to this insect infested jungle? Simple. True grit and true beauty. As Captain Bravo who sailed a steam er from Sebastian to Jupiter in the late 1880s would tell visitors, "See Lake Worth and die happy." When Henry Flagler arrived in 1893 he called the Lake Worth region a veritable paradise. And then he had a vision. He would bring his railroad all the way down to Miami, even as far as Key West. And he would turn Palm Beach into the most hifalutin resort in the world. The Standard Oil tycoon launched the 20th century in the Treasure Coast and Palm Beach County. But he was not the most important person of the century. That title goes to the millions of men and women, great and small, who developed a frontier into a place so desirable that today's greatest problem is what to do with all the people. Our Century honors them and highlights major events of the past 100 years. Dust jacket flap

astute study of political power brokering comparable to Robert A Caro's profile of Lyndon Johnson in *Master of the Senate*. Publishers Weekly starred review. *Against the Wind* completes Neal Gabler's magisterial biography of Ted Kennedy but it also unfolds the epic tragic story of the fall of liberalism and the destruction of political morality in America. With Richard Nixon having stilled the liberal wind that once propelled Kennedy's and his fallen brothers' political crusades, Ted Kennedy faced a lonely battle. As Republicans pressed Reaganite dogmas of individual freedom and responsibility and Democratic centrists fell into line, Kennedy was left as the most powerful voice legislating on behalf of those society would neglect or punish: the poor, the working class, and African Americans. Gabler shows how the fault lines that cracked open in the wake of the Civil Rights movement and Vietnam were intentionally widened by Kennedy's Republican rivals to create a moral vision of America that stood in direct opposition to once broadly shared commitments to racial justice and economic equality. Yet even as he fought this shift, Ted Kennedy's personal moral failures in this era—the endless rumors of his womanizing and public drunkenness and his bizarre behavior during the events that led to rape accusations against his nephew William Kennedy Smith—would be used again and again to weaken his voice and undercut his claims to political morality. Tracing Kennedy's life from the wilderness of the Reagan years through the compromises of the Clinton era, from his rage against the craven cruelty of George W. Bush to his hope that Obama would deliver on a lifetime of effort on behalf of universal health care, Gabler unfolds Kennedy's heroic legislative work against the backdrop of a nation grown lost and fractured. In this outstanding conclusion to the saga that began with *Catching the Wind*, Neal Gabler offers his inimitable insight into a man who fought to keep liberalism alive when so many were determined to extinguish it. *Against the Wind* sheds new light both on a revered figure in the American Century and on America's current existential crisis.
