

# Speaker set-up

Refer also to "Speaker set-up", a separate guide included with these operating instructions.

## 1 Attach the stickers

Attach the stickers to the speaker cords.

- ① - ⑤: Attach stickers 1 to 5 to the cords of the 5 small speakers (2x front, 2x surround, and 1x center; SB-AFC80).
- ⑥: Attach sticker 6 to the cord of the large speaker (subwoofer; SB-W70).

## 3 Position the speakers

① - ⑥: Position the speakers as indicated in the diagram using the stickers as a guide.  
The front, center, and surround speakers should be placed at approximately the same distance from the listening position. The angles in the diagram are approximate.

## 2 Attach the rubber feet

The small speakers can be set-up either standing or lying down. Attach these rubber feet to prevent vibration causing the speakers to move or fall over.

- Place the front left and right speakers (①, ②) either side of the television.
- Place the center speaker (⑤) near the television, above or below it.
- Place the surround speakers (③, ④) either side of the listening position, or slightly to the rear, about 1 meter (3 feet) higher than ear level.
- Put the subwoofer (⑥) near the television, on the floor or a sturdy shelf so that it won't cause vibration.

### Note

- Vibration caused by the center speaker can disrupt the picture if it is placed directly on the television. Put the center speaker on a rack or shelf.
- A superwoofer is located on the side of the subwoofer. Leave 10-cm (4") clearance for it to be effective.

## 4 Connect the speakers to the unit

### Speaker cords

- Connect the cords so the numbers on the stickers match the numbers under the terminals.
- Connect the gray cords with the blue stripe (②) to the blue terminals.
- Connect the gray cords without stripes (①) to the gray terminals.
- Connect the subwoofer's red cord (⑥) to the red terminal and the black cord (⑦) to the black terminal.
- Ensure the wires of the cords are fully inserted so they do not touch each other and short circuit.

### Note

- After you have completed set-up and connection, wind the excess cord and keep together with string.
- Set the speakers up on an even surface to prevent them from falling. Take proper precautions to prevent the speakers from falling if you cannot set them up on an even surface.
- The speaker nets cannot be removed.
- Keep your speakers at least 10 mm (13/32") away from the system for proper ventilation.
