

## Robertshaw Energy Regulators and Thermostats

Robertshaw, an Invensys Controls brand, has been well known for producing reliable domestic and commercial appliance controls for many years. In particular Robertshaw has been renowned for producing excellent quality cooking controls for Ovens, Stoves, Grills and many other cooking appliances. The reliability and success of these products are evident in the continued use of appliances, fitted with Robertshaw controls, many years after their manufacture.

Naturally, appliances may need spare controls from time to time. Invensys Controls continue to have specifically designed replacement controls available to the aftermarket even if original models have been made obsolete. The following pages include details on available replacement control kits, as well as cross references and advice of models that are no longer replaceable.

### Energy Regulators

Invensys and Robertshaw *Energy Regulators* are more commonly known as *Simmerstats*. They are generally used on electric cooking ranges, cooktops and grills to control an element. The *M-Series* energy regulators are the current models available in universal kits and some limited direct replacements. They also replace the *INFINITE* and *T-Series* models, which are no longer available. Following are some tables describing the models available and lists of energy regulators that can be replaced by the M-Series Models.

### The M-Series Energy Regulator

#### **Compact Design**

Dimensions are 45mm x 38mm x 21mm. Terminals are located on the side instead of the back.
