Bateman, 2014-10-03 An authoritative account of the crimes of Oscar Pistorius the beloved Paralympic superstar who shot his girlfriend in cold blood from the night of the killings to the controversial verdict At 08 03 on the morning of Valentine's Day 2013 news broke that Oscar Pistorius the Paralympic superstar known as the Blade Runner had shot and killed his girlfriend at his luxury home in Pretoria South Africa Within minutes the story reverberated around the world as banners flashed across television screens broadcasting global news networks At first glance it appeared to be a heart wrenching tragic accident The athlete had mistaken beautiful Reeva Steenkamp for an intruder But as the morning unfolded a second version of events began to reveal itself indicating that the country's celebrated icon its Golden Boy may have murdered his model girlfriend in a fit of rage In this vivid and insightful narrative South African journalists Mandy Wiener and Barry Bateman reveal the true story of Oscar Pistorius and Reeva Steenkamp from that horrific night to the announcement of the shocking verdict Drawing on evidence from the trial as well as on the ground interviews with family and friends of Oscar and Reeva this is the authoritative account of one of the most high profile trials of the 21st century      **The Murder Trial of Oscar**

**Pistorius** Andre a Coetzee, 2017-06-06 The Oscar Pistorius murder trial is one of the most significant criminal trials of the century It threw up a most incredulous defense that caused many to be flabbergasted and confused by the not guilty of murder verdict passed down by Judge Masipa For them it remains a mystery why such an improbable verdict was the outcome Millions of astonished people were justified in asking the question How is it possible for a man to be alone with his girlfriend in bed at 3 am then fire four shots into his toilet and kill her without knowing it was her Because of the perceived improbability of a not guilty of murder verdict many have voiced their opinion that such a verdict has to be because the judge was corrupt The facts however do not support such a conclusion Instead what the author is suggesting is that the application of common sense is what was lacking in this case Common sense is the highest level of knowledge we can aspire to and when applied it makes us the most effective we can be Common sense is essentially the understanding and accurate interpretation of life people and the things that affect most or all of us and then the use of this knowledge to live an effective and productive life These qualities of common sense largely indicate why it is often said to be not common This book aims to demonstrate how the application of common sense would have resulted in Oscar Pistorius been convicted of premeditated murder by Judge Masipa It also aims to make a common sense case for a possible reason why Oscar Pistorius murdered Reeva

**The Wrongful Conviction of Oscar Pistorius: Science Transforms Our Comprehension of Reeva Steenkamp's Shocking Death** Brent Willock, 2018-05-08 Just when the world thought Oscar Pistorius meteoric rise to Olympic glory and international celebrity had terminated abysmally in prison Brent Willock's scientific perspective reopens this gripping narrative for an astonishing re view Olympian Oscar Pistorius spectacular ascent to fame ground to a screeching halt in the wee hours of Valentine's Day 2013 Hearing a sound emanating from his bathroom he grabbed his pistol and he stumbled to the washroom screaming at the intruders to leave Fearing someone was about to emerge to harm him and his girlfriend Reeva he fired four bullets into the bathroom Soon he realized he had killed his lover Horrified he summoned the authorities The investigating detective believed this was yet another case of an escalating argument where a man murdered his partner World opinion is split Some believe Oscar Others are convinced he committed a despicable crime of passion Distinguished clinical psychologist Brent Willock brings an entirely new perspective to bear on these horrific events that Oscar's horrific actions occurred while he was in a state of paradoxical sleep also known as parasomnia Throughout this book Willock uses scientific scrutiny and legal precedence to resolve the crucial anomalies surrounding the Oscar Pistorius trial Willock also discusses how mental health experts and the defense team might have overlooked the hypothesis of parasomnia that could have exonerated Oscar Millions who followed the Blade Runner's astonishing achievements uplifted and inspired by his triumph over physical adversity were crushed by his precipitous plunge from grace They were baffled Even Oscar himself in a television interview shortly before his sentencing achingly asked I always think How did this possibly happen How could this have happened At last Willock's elegant work responds to these poignant questions that have so plagued and pained Reeva's family friends Oscar and indeed the world

**Reeva** June Steenkamp, 2015-10-16 The full story behind the most dramatic trial of the 21st century by the mother of the girl at its heart In the early hours of Valentine's Day 2013 Olympic athlete Oscar Pistorius killed his girlfriend Reeva Steenkamp shooting her multiple times while she cowered behind the locked door of their bathroom His trial has attracted more international media attention and public scrutiny than any since that of OJ Simpson What went on behind the scenes though And what was the real Reeva like away from the photo shoots and the attention of the media A beautiful 29 year old from Port Elizabeth Reeva graduated as a lawyer and campaigned for human rights causes before deciding to try the world of modeling in South Africa's most vibrant city Her relationship with international hero Oscar Pistorius seemed like a fairy tale of triumph over adversity double amputee turned champion athlete meets small town girl with beauty and brains wanting to make her mark on the world No one could have predicted the tragic and horrifying conclusion to that fairy tale Reeva's mother June Steenkamp has

kept a dignified silence throughout the long months since she received the phone call every mother dreads In this painfully honest and unflinching account of Reeva's life she talks about what really went on in her mind as she sat in the packed Pretoria court room day after day and how she is coping in the aftermath of the verdict Reeva is the only true insider's account of this tragic story

**The Wrongful Conviction of Oscar Pistorius** Brent Willock, 2018-05-08 Just when the world thought Oscar Pistorius meteoric rise to Olympic glory and international celebrity had terminated abysmally in prison Brent Willock's scientific perspective reopens this gripping narrative for an astonishing re-view Olympian Oscar Pistorius spectacular ascent to fame ground to a screeching halt in the wee hours of Valentine's Day 2013 Hearing a sound emanating from his bathroom he grabbed his pistol and he stumbled to the washroom screaming at the intruders to leave Fearing someone was about to emerge to harm him and his girlfriend Reeva he fired four bullets into the bathroom Soon he realized he had killed his lover Horrified he summoned the authorities The investigating detective believed this was yet another case of an escalating argument where a man murdered his partner World opinion is split Some believe Oscar Others are convinced he committed a despicable crime of passion Distinguished clinical psychologist Brent Willock brings an entirely new perspective to bear on these horrific events that Oscar's horrific actions occurred while he was in a state of paradoxical sleep also known as parasomnia Throughout this book Willock uses scientific scrutiny and legal precedence to resolve the crucial anomalies surrounding the Oscar Pistorius trial Willock also discusses how mental health experts and the defense team might have overlooked the hypothesis of parasomnia that could have exonerated Oscar Millions who followed the Blade Runner's astonishing achievements uplifted and inspired by his triumph over physical adversity were crushed by his precipitous plunge from grace They were baffled Even Oscar himself in a television interview shortly before his sentencing achingly asked I always think How did this possibly happen How could this have happened At last Willock's elegant work responds to these poignant questions that have so plagued and pained Reeva's family friends Oscar and indeed the world

**Resurrection** Nick van der Leek, 2014-07-02 Is Oscar's narrative as a man a valid one Is his narrative of uniqueness being exceptional beating the odds and enjoying no special advantages authentic Is it fair for a disabled man to compete with artificial limbs across both Olympic Games able bodied and disabled By examining his intentionality and responses to reasoned criticism especially by the IAAF writers such as Sokolove and McEvoy and scientists such as Dr Ross Tucker Book 3 in the Oscar Pistorius Murder Trial series seeks to shed light more specifically on Another Oscar Why would a disabled man seek to portray himself so aggressively as able bodied Not only on the athletics track but off it Are there consequences to the sometimes constructive sometimes painstaking often exhausting process of constantly manufacturing oneself and one's narrative for public consumption Is there a cost to permanently projecting a persona of masculinity and invulnerability Yes if the rewards are great the costs to the individual are proportionately great because the compulsion to protect and conceal only increases There are financial incentives involved in maintaining this fake diplomacy But what sort of personal toll are we

talking about And who else is affected And in the final analysis how do we tell the real Oscar from the gleaming fake Ray Wicksell Oscar s former agent and manager and a man who broke the 4 minute mile 24 times shares his firsthand experiences with Oscar Oscar and Wicksell s two daughters trained together and attended the same meets with Oscar Oscar was a close friend of the Wicksell family which is why Ray Wicksell s account is both groundbreaking and moving He shares the very real sentiments that the world loved Oscar because he was lovable Legal experts including Ulrich Roux and David Dadic discuss the possibilities of an appeal which is Oscar s best hope at this point of finding his way towards Resurrection The media also provides a mountain of clues most just sound and fury but some messages stand out as significant The failure of the media to participate in the specific narrative that Resurrection attempts to uncover shows the media even this late in the game don t want to burn their bridges with one of the greatest media stories in modern history In case he comes back In case he s acquitted But by first participating and perpetuating Oscar s story to an unsuspecting public and then failing to reframe this narrative when its validity is clearly called into question the media mechanism also reveals itself as a fundamentally flawed financially incentivised mechanism and one prone to bias Discernment it turns out is a precious faculty and common sense in the world of sport celebrity and even the law is fairly uncommon By piecing together mountains of testimony social media and various disclosures by all the major players in Oscar s melodrama not least of which are Oscar s and Reeva s own words Nick van der Leek does what thus far has not been revealed Not by the media Not by the social media rumour mill Not even by the state prosecutor Van Der Leek manages to put it all together to reveal Another Narrative And with it a compelling case for MOTIVE is put forward for the first time Note Resurrection is the third in the series of 5 Oscar Pistorius Murder Trial eBooks Resurrection specifically interrogates the validity of the various Oscar Trial narratives Digital Rights Management applies to this manuscript It may not be quoted from other than with the express permission of its author *Oscar Vs. the Truth* Thomas Mollett,2016 What really happened on that Valentine evening of 13 February 2013 when Reeva Steenkamp was shot and killed in the toilet of Oscar Pistorius house Did Oscar know that Reeva was behind the toilet door Or did Oscar truly believe that an intruder was hiding behind that door In this book brothers Thomas and Calvin Mollett set out to find the answers by taking a painstaking look at the crime scene and evidence with eagle eyes Was Oscar on his stumps when he broke open the toilet door What do the clothes Reeva was wearing when the paramedics arrived tell us about the crime Which of the witnesses were in the best position to hear screams from Oscar house What caused the wounds on Reeva back Did the prosecution present all the evidence What does the cricket bat tell us Was Reeva alive when she was carried downstairs These are only some of the questions addressed in this full colour book of 80 000 words and over 500 high quality images a book that informs as much as it exposes Provided by publisher
