Rules Of The Wild:

Rules of the Wild Francesca Marciano, 2009-07-29 A mesmerizing novel of love and nostalgia set in the vast spaces of contemporary East Africa Romantic often resonantly ironic moving and wise Rules of the Wild transports us to a landscape of unsurpassed beauty even as it gives us a sharp eyed portrait of a closely knit tribe of cultural outsiders the expatriates living in Kenya today Challenged by race by class and by a longing for home here are safari boys and samaritans reporters bent on their own fame travelers who care deeply about elephants but not at all about the people of Africa They all know each other They meet at dinner parties they sleep with each other they argue about politics and the best way to negotiate their existence in a place where they don't really belong At the center is Esm a beautiful young woman of dazzling ironies and introspections who tells us her story in a voice both passionate and self deprecating Against a paradoxical backdrop of limitless physical freedom and escalating civil unrest Esm struggles to make sense of her own place in Africa and of her feelings for the two men there whom she loves Adam a second generation Kenyan who is the first to show her the wonders of her adopted land and Hunter a British journalist sickened by its horrors Rules of the Wild evokes the worlds of Isak Dinesen Beryl Markham and Ernest Hemingway It explores unforgettably our infinite desire for a perfect elsewhere for love and a place to call home It is an astonishing literary debut
