Rumiko Style Modern Floral Design:

Rumiko Style Rumiko Manako, 2015 Rumiko Manako is a refreshing outsider in the world of floral design Her floral art is as graceful as dance movements as technical and well thought out as Ikenobo Ikebana but at the same time it remains as accessible as Western flower arranging This very personal crossover style not only bridges the gap between traditional flower arranging and ikebana but the Rumiko Style seems to be catching on rapidly Proof of this is the growing number of national and international followers and the always busy workshops and demonstrations Rumiko Manako builds and sculpts with flowers and leaves but despite the large dimensions the three dimensionality and the spectacular displays her designs are elegant flawless and poetic without a fault This book shows Rumiko s designs in interaction with some special Parisian landmarks including Castel Beranger the Eiffel Tower La G ode and Rodin supplemented with works made in the studio and inspired by her many travels and encounters Rumiko Manako is head of Manako Jafas in Paris and director of the Ikenobo Bousoukai Branch in Tokyo Text in English French and Japanese

Allen, 2012-06-05 There is something of the artist in each of us Some of us find expression in painting poetry or sculpture some in landscape gardening With talent and facility expression in these art forms is Satisfying And this is true also of flower arranging an ancient art that can express a thought or mood and in a sense combine the expression of several other media Yet special talent for flower arranging is not essential The feeling for it is engendered by the practice of it With these words Ellen Gordon Allen begins the introduction to her eminently practical primer of Japanese flower arrangement which is here being offered in a new revised edition As a certified teacher Ohara school and a very successful one Mrs Allen is well qualified to present her subject The purpose of her book is fourfold to increase the skill of all who love to arrange flowers to provide a more comprehensive understanding of the Japanese art of flower arrangement to help students when no teacher is available and to provide a medium of instruction among the many often confusing schools of Japanese flower arrangement It is Mrs Allen s hope that the primer will serve as a practical handbook for beginners and that it will dispel the aura of mystery that seems to surround the subject To this end she has made her instructions as elementary as possible The few fundamental rules of Japanese flower arrangement and the various techniques are presented in a simple manner Wherever possible English equivalents have been substituted for Japanese terms Each lesson sketches photographs and diagrams which clearly show the student what to do in working toward completion of the arrangement Although Mrs Allen teaches principally the methods of the Ohara school for the moribana and heika styles and the methods of the Saga school for the seika style her book is also a compilation of

information from the Sogetsu the Ikenobo the Sho fu ryu and other famous schools in Japan She has selected what she considers most practical for use in the American or other foreign setting By using the step by step methods outlined in the 14 well organized lessons the Rowerarrangement student will not only be able to learn rapidly but will also experience the pleasure of making genuine progress in an art that provides an endless source of enjoyment And as Mrs Allen expresses it it is the enjoyment of making flower arrangements that I want particularly to stress Learn the fundamentals and you will enjoy their application sharing your pleasure with others who will marvel at your skill in arranging flowers *Ikebana Unbound* Amanda Luu,Ivanka Matsuba,2020-09-15 Named a Best Interior Design Book of 2020 by Food52 A modern take on a centuries old art that s breathtakingly simple Booklist starred review At its heart the Japanese art of Ikebana is about celebrating an intimate connection with nature To practice Ikebana is to find inspiration in the seasons favor unassuming blooms and branches seek balance and simplicity and remain fully present in the moment It is a beautiful pure antidote to our age of distraction and excess Honoring the lineage of Ikebana while making the art their own Amanda Luu and Ivanka Matsuba of Studio Mondine show us new ways to tell stories with flowers They offer step by step instructions for dozens of stunning seasonal arrangements while in the process introducing readers to the themes and stylistic signatures of the art In Studio Mondine s hands this centuries old practice feels undeniably fresh and readers are given the gift of learning to create unique meaningful and authentic arrangements
