For the first time ever a noted Beatles expert has meticulously documented the entire period of The Beatles after the break up **Artificial Paradise** Kevin Courrier,2008-12-30 There is an epigram in this book from the Phil Ochs song Crucifixion about the Kennedy assassination that states I fear to contemplate that beneath the greatest love lies a hurricane of hate On February 11th 1963 the Beatles recorded There s a Place a dazzling unheralded tune which was included on their electrifying debut album Please Please Me This song firmly laid the foundation on which a huge utopian dream of the sixties would be built Within that dream however also lay the seeds of a darker vision that would emerge out of the very counterculture that the Beatles and their music helped create Thus even as their music attracted adoring fans it also enticed the murderous ambitions of Charles Manson and though the Beatles may have inspired others to form bands their own failed hopes ultimately led to their breakup The disillusionment with the sixties and the hopes associated with the group would many years later culminate in the assassination of John Lennon and the attempted slaying of George Harrison by deranged and obsessive fans In this incisive examination author Kevin Courrier *Dangerous Kitchen the Subversive World of Zappa* Randy Newman s *American Dreams* examines how the Fab Four through their astonishing music and comically rebellious personalities created the promise of an inclusive culture built on the principles of pleasure and fulfillment By taking us through their richly inventive catalogue Courrier illustrates how the Beatles startling impact on popular culture built a bond with audiences that was so strong people today continue to either cling nostalgically to it or struggle and often struggle violently to escape its influence *The Drama; Its History, Literature and Influence on Civilization: British drama* ,1903

Seasons of Change Matthew Morrill,2001-04-29 Growing up in the 1960 s and 70 s then maturing to adulthood and entering the workforce in the 80 s has created almost a schizophrenic identity for Bryce F Derneher Derneher faces life with a multitude of conflicts between family career love interests friends and life goals Today s world doesn t respect quality or values instead speed to market and efficiencies in workflows are the corporate ideals In Bryce s heart he knows that the deep rooted good values from yesteryear are hidden within most people People are just afraid today to show them At least he has to believe in his heart that people are just afraid to show their values Surely people aren t as bad as their daily actions in life From the 2001 perspective values demonstrate weakness in the marketplace Values make the worker a liability and less important to a corporation than the dollar in the coffer at the end of the day The dollar is number one People are number two Values are bad business Profit margins are the only concern The most curious aspect of life today is what happens when values meet the technologically cold world of the 21st century Can the person true to his values survive **Hoodoo Herbal** Starr Casas,2025-09-12 This definitive guide to Hoodoo plant magic contains detailed information on dozens of roots and herbs In Hoodoo Herbal Starr Casas shares a lifetime of experience and family secrets in her usual plain spoken direct and friendly style Mama Starr makes Hoodoo plant magic accessible to all For example snake plants *Dracaena trifasciata* common houseplants that are readily available at garden stores and supermarkets possess a long reputation for successfully

keeping lying tongues from disrupting your home As their leaves resemble a double edged sword they are believed able to cut through malicious works spells that may have been sent against you They are valued for their anti gossip properties The book features information about a wide variety of plants and how to use them as well as practical tips regarding planting seeds cutting transplanting and caring for plants so that they will care for you too Starr advises that as the plants thrive and grow the works for which they are used will grow stronger too as will you
