Backscheider,2021-10-21 In this book Paula Backscheider considers Daniel Defoe s entire canon as related developing and in close dynamic relationship to the literature of its time In so doing she revises our conception of the contexts of Defoe s work and reassesses his achievement and contribution as a writer By restoring a literary context for modern criticism Backscheider argues the intensity and integrity of Defoe s artistic ambitions demonstrating that everything he wrote rests solidly upon extensive reading of books published in England his understanding of the reading tastes of his contemporaries and his engagement with the issues and events of his time Defoe the dedicated professional writer and innovator emerges with a new wholeness and certain of his novels assume new significance Defoe s literary status continues to be debated and misunderstood Even critical studies of the novel often begin with Richardson rather than Defoe By moving from Defoe s poetry pamphlets and histories to the novels Backscheider offers an argument for the thematic and stylistic coherency of his oeuvre and for a recognition of the dominant place he held in shaping the English novel For example Defoe deserves to be recognized as the true originator of the historical novel for three of his fictions are deeply engaged with just those conceptual and technical issues common to all later historical fiction And Roxana now appears as Defoe s deliberate attempt to enter the fastest growing market for fiction that for women readers What have been powerfully significant for the history of the novel then are the very characteristics of his writing that have been held against his literary stature its contemporaneity its mixed and untidy form its formal realism its concentration on the life of an individual and its probing of the individual s psychological interaction with the empirical world making that world representative even as it is referential It is exactly these characteristics most original prominent and subsequently imitated in Defoe s fiction that define the form we call novel On Some of Shakespeare's Female Characters Helena Faucit Martin,1891 **Cumulative Book Index** ,1959 *Letters from and to Charles Kirkpatrick Sharpe* Charles Kirkpatrick Sharpe,1888 Publishers' Circular and Booksellers' Record of British and Foreign Literature ,1884 **Timar's Two Worlds** Mór Jókai,1888 **Scientific Religion** Laurence Oliphant,1888 **Catalogue of Title Entries of Books and Other Articles Entered in the Office of the Register of Copyrights, Library of Congress, at Washington, D.C.** Library of Congress.
