

Introduction

Super Magic 5

The Student's Book 5 contains a review section and six units:

Review unit — Let's start!

- 1 What time is it?
- 2 My favorite TV programs
- 3 What's the matter?
- 4 Playing outside
- 5 Where I live
- 6 Where are you from?

The fifth level book begins with a review and consolidation unit, followed by six units of progressively more complex study. Here, too, the original structure of the previous books has been maintained, but at this level some important new elements are introduced which were designed and proposed in keeping with the aim of a gradual passage of the child from primary to secondary level education, with reference to the study of a foreign language.

The children who learned to understand and communicate in English during the first four years are now given the opportunity to reflect on what they have already learned and to extrapolate some rules relative to sentence structure, which they can then apply successfully to ever-changing contexts.

In addition to the other elements - such as the grammar strips, CUL pages, civilization and culture, festive occasions - the **Sound corner** exercises, useful in helping the child to achieve the correct pronunciation of single words and the right intonation of the sentence, continue as a feature of Level 5. The final section is dedicated to dramatization of the story *Excalibur*.

The last pages of the Student's Book are *I remember* and *I like!*. *My vacation plans* is a personal page where each child can write his/her/own personal desires regarding a vacation.

The following teaching aids are included with *Super Magic 5*:

- 3 What I would like
- 4 Future plans
- 5 You must do this! You mustn't do that!
