New Perspectives on the War Film Clémentine Tholas, Janis L.

Goldie, Karen A. Ritzenhoff, 2019-09-14 New Perspectives on the War Film addresses the gap in the representation of many forgotten faces of war in mainstream movies and global mass media The authors concentrate on the untold narratives of those who fought in combat and were affected by its brutal consequences Chapters discuss the historically under represented stories of individuals including women African American and Indigenous Soldiers Issues of homosexuality and gender relations in the military colonial subjects and child soldiers as well as the changing nature of war via terrorism and bioterrorism are closely analyzed The contributors demonstrate how these viewpoints have been consistently ignored in mainstream blockbuster war sagas and strive to re integrate these lost perspectives into current and future narratives
