A New History of American and Canadian Folk Music Dick Weissman, 2019-09-05 Building on his 2006 book *Which Side Are You On* Dick Weissman's *A New History of American and Canadian Folk Music* presents a provocative discussion of the history evolution and current status of folk music in the United States and Canada North American folk music achieved a high level of popular acceptance in the late 1950s When it was replaced by various forms of rock music it became a more specialized musical niche fragmenting into a proliferation of musical styles In the pop folk revival of the 1960s artists were celebrated or rejected for popularizing the music to a mass audience In particular the music seemed to embrace a quest for authenticity which has led to endless explorations of what is or is not faithful to the original concept of traditional music This book examines the history of folk music into the 21st century and how it evolved from an agrarian style as it became increasingly urbanized Scholar performer Dick Weissman himself a veteran of the popularization wars is uniquely qualified to examine the many controversies and musical evolutions of the music including a detailed discussion of the quest for authenticity and how various musicians critics and fans have defined that pursuit

challenges *Christian Environmentalism and Human Responsibility in the 21st Century* Katherine M. Quinsey, 2023-11-16

Christian Environmentalism and Human Responsibility in the 21st Century comprises original scholarly essays and creative works exploring the implications of Christian environmentalism through literary and cultural criticism and creative reflection. The volume draws on a flourishing recent body of Christian ecocriticism and environmental activity incorporating both practical ethics and environmental spirituality but with particular emphasis on the notion of human responsibility. It discusses responsibility in its dual sense as both the recognized cause of environmental destruction and the ethical imperative of accountability to the nonhuman environment. The book crosses boundaries between traditional scholarly and creative reflection through a global range of topics: African oral tradition, Ohio artists off the grid, immigrant self, metaphors of land and sea, iconic writers from Milton to O'Connor to Atwood, and Indigenous Canadian models for listening to the nonhuman Mother of us all. In its incorporation of academic and creative pieces from scholars and creative artists across North America, this volume shows how environmental work of its nature and necessity crosses traditional academic and community boundaries. In both form and orientation, this collection speaks to the most urgent intellectual, physical, social, and spiritual needs of the present day. This book will appeal to scholars, researchers, and upper-level students interested in the relationship between religion and environment, ethics, animal welfare, poetry, memoir, and post-secularism.

The Uncomfortable Pew Bruce Douville, 2021-05-20

In *The Uncomfortable Pew*, Bruce Douville explores the relationship between Christianity and the New Left in English Canada from 1959 to 1975. Focusing primarily on Toronto, he examines the impact that left-wing student radicalism had on Canada's largest Christian denominations and the role that Christianity played in shaping Canada's New Left. Based on extensive archival research and oral interviews, this study reconstructs the social and intellectual worlds of young radicals who saw themselves as part of both the church and the revolution. Douville looks at major communities of faith and action, including the Student Christian Movement, Kairos, and the Latin American Working Group, and explains what made these and other groups effective incubators for left-wing student activism. He also sheds light on Canada's Roman Catholic, Anglican, and United churches and the ways that progressive older Christians engaged with radical youth and the issues that concerned them, including the Vietnam War, anti-imperialism around the globe, women's liberation, and gay liberation. Challenging the idea that the New Left was atheistic and secular, *The Uncomfortable Pew* reveals that many young activists began their careers in student Christian organizations, and these religious and social movements deeply influenced each other. While the era was one of crisis and decline for leading Canadian churches, Douville shows how Christianity retained an important measure of influence during a period of radical social change.
