**Between the Icon and the Idol** Artur Mrowczynski-Van Allen,2013-11-14 The totalitarian state clearly intends to eliminate all those forms of organic community that rival the absolute loyalty of the individual to the state This god is a jealous god Mrowczynski Van Allen's diagnosis is therefore no less relevant after the fall of the Berlin Wall And his proposed cure is no less salutary He appeals to the work of Grossman and other voices from the East to oppose the idolatry of the deified self with the icon which opens up a distance in which giving and forgiving can occur Eastern voices are so helpful because they refuse to quarantine theological questions the borders between theology politics and literature are fluid and porous because they are all a part of an integrated life The holism of totalitarianism must be opposed by another kind of holism that replaces the idol with the icon At the same time the aspiration of secularism to separate politics from theology and power from love must be opposed by a politics based on an opening of human persons to God and to each other the kind of self donation found in Grossman and for Christians on the Cross From the Foreword by William T Cavanaugh

**Church History** Johannes Alzog,1876 **Reformulating Russia** Kåre Johan Mjør,2011-05-06 Reformulating Russia provides a thorough narratological and contextual analysis of Russian migr historiography as it appears in Georgii Fedotov s Saints of Ancient Russia Georgii Florovskii s The Ways of Russian Theology Nikolai Berdiaev s The Russian Idea and Vasilii Zenkovskii s History of Russian Philosophy Stolen Churches or Bridges to Orthodoxy? Vladimir Latinovic,Anastacia K. Wooden,2021-02-02 Throughout their shared history Orthodox and Eastern Catholic Churches have lived through a very complex and sometimes tense relationship not only theologically but also politically In most cases such relationships remain to this day indeed in some cases the tension has increased In July 2019 scholars of both traditions gathered in Stuttgart Germany for an unprecedented conference devoted to exploring and overcoming the division between these churches This book the first in a two volume set of the essays presented at the conference explores historical and theological themes with the goal of healing memories and inspiring a direct dialogue between Orthodox and Eastern Catholic Churches Like the conference the volume brings together representatives of these Churches as well as theologians from different geographical contexts where tensions are the greatest The published essays represent the great achievements of the conference willingness to engage in dialogue general openness to new ideas and opportunities to address difficult questions and heal inherited wounds *Unattainable Bride Russia* Ellen Rutten,2010-03-08 Throughout the twentieth century and continuing today personifications of Russia as a bride occur in a wide range of Russian texts and visual representations from literature and political and philosophical treatises to cartoons and tattoos Invariably this metaphor functions in the context of a political gender allegory which represents the relationships between Russia the intelligentsia and the Russian state as a competition of two male suitors for the former s love In *Unattainable Bride Russia* Ellen Rutten focuses on the metaphorical role the intelligentsia plays as Russia s rejected or ineffectual suitor Rutten finds that this metaphor which she covers from its prehistory in folklore to present day pop culture references to Vladimir Putin is still powerful but has generated scarce scholarly consideration *Unattainable Bride Russia* locates the cultural thread and places the political metaphor in a broad contemporary and social context thus paying it the attention to which it is entitled as one of Russia s modern cultural myths
