Teacher Perception of Pacing Guide Use in the Secondary Classroom Donna Michele Smith Turner, 2015 Historically teachers

have exercised considerable autonomy in the day to day learning that occurs in their classrooms Now it is growing increasingly rare for a teacher to experience this type of professional freedom In response to high stakes testing national and state academic content standards and most recently the common core standards pacing guides are one of the more recent devices schools are using to implement and monitor curriculum The purpose of this research project is to investigate teacher opinion toward these pacing guides An online survey called the Pacing Guide Survey was delivered to secondary regular and special education teachers in core subject areas of mathematics science social studies and language arts The teachers were asked about whether or not they use pacing guides their attitude and comfort level in using pacing guides as well as Information concerning the population of their high school such as demographics enrollment and single or multiple high schools Building level factors such as professional development initiatives methods of curriculum monitoring and pacing guide development and revisions processes teacher factors such as years teaching years using pacing guides confidence in content area and educational background Administrators were also interviewed to form a complete picture of pacing guide development and implementation in the secondary education environment Quantitative data were analyzed using bivariate Spearman s rank order correlation and qualitative data were analyzed using a combination of thematic data analysis and quasi statistical methods Recommendations based on the data collected are Teachers should be provided with the flexibility to address student needs in the classroom Teacher input into pacing guide development implementation and revision process is necessary to ensure that student needs are addressed Team autonomy is key and teacher teams need to be provided with the necessary support structure to provide meaningful learning experiences for their students

not have a strong foundation of the topic **ESEA Reauthorization** United States. Congress. Senate. Committee on Health, Education, Labor, and Pensions, 2012 The School Improvement Planning Handbook Daniel L. Duke, Marsha Carr, William Sterrett, 2012-12-27 Developing and updating school improvement plans is an annual ritual for virtually all school principals and their school improvement committees Still large numbers of schools continue to produce disappointing outcomes The authors believe that part of the problem is the result of plans that focus on the wrong targets and that rely on ineffective strategies for improvement To help principals and their school improvement committees develop and implement plans with a greater likelihood of success the authors offer a step by step process for school improvement planning They go on to pinpoint specific school improvement goals including raising reading and mathematics achievement building robust school cultures addressing the needs of English language learners improving instruction and reducing absenteeism and dropouts For each goal a variety of objectives and proven strategies is presented along with sample school improvement plans The book addresses the differences in planning to turn around a low performing school planning to sustain improvements over time and planning to move a good school to a great school Charting a Course to Standards-Based Grading Tim R. Westerberg, 2016-08-24 What is the best way to ensure that grading policies are fair accurate and consistent across classrooms How can schools transition to a grading system that better reflects what students are actually learning Tim R. Westerberg makes this journey easier by offering a continuum of options with four destinations on the road to improved grading and assessment Destination 1 critically examines such popular grading mechanisms as the zero extra credit the semester killer project averaging mixing academic performance with work ethic and refusing to accept late work and explains how they undermine objectivity and instead result in widely divergent grades for comparable work with major consequences for students Destination 2 invites educators to put assessment and grading into the larger context of a districtwide guaranteed and viable curriculum and lays out the organizational conditions and necessary steps to accomplish this goal Destination 3 brings parents and others on board with a multiyear implementation plan and community engagement strategies for introducing report cards that indicate student achievement by standards rather than or in addition to letter grades Destination 4 competency based education involves a total rethinking of the nature and structure of school leading to individualized education for all students However far they choose to go administrators and teacher leaders can turn to Charting a Course to Standards Based Grading for the quick wins and long term support and guidance they need to make the trip well worth the effort **From Rigorous Standards to Student Achievement** Laura Mc Cullough, Michael D. Rettig, Karen Santos, 2013-09-27 This book showcases strategies which support teachers and principals as they implement high standards for students At the same time it demonstrates how to meet the needs of diverse learners Everybody's Classroom Carol Ann Tomlinson, 2022 Most people are keenly aware that every student is different and that today's classrooms challenge educators to build safe and successful learning communities comprising students whose races

languages cultures experiences assets and dreams vary greatly This book offers K 12 teachers both the foundations for differentiating their instruction and the means to maximize learning opportunities by getting to know students beyond the labels and stereotypes that often accompany them into the classroom Tomlinson shows how to use Highways and Exit ramps to reach the whole class with highway content and exit ramps to specialize needs Chapters offer numerous recommendations for modifying environments activities and assessments for helping teachers move forward in their instructional planning and for helping each learner grow academically Everybody s Classroom extends Tomlinson s previous work by looking more deeply at specific student populations to help educators create classrooms that are more inclusive than ever before Chapters cover successful differentiation for English learners students experiencing poverty students with different ethnic cultural religious and gender orientations and students with diverse identified special needs Book Features Provides a framework for understanding the scope of differentiation as opposed to seeing it as a prescribed set of instructional strategies Shows how to recognize common student needs that cut across student labels from gifted to traumatized Offers suggestions for teacher actions based on observation of students and student work Classroom examples and helpful tables charts and graphics

PLC+ Douglas Fisher,Nancy Frey,John Almarode,Karen Flories,Dave Nagel,2019-05-16 What makes a powerful and results driven Professional Learning Community PLC The answer is collaborative work that expands the emphasis on student learning and leverages individual teacher efficacy into collective teacher efficacy PLC Better Decisions and Greater Impact by Design calls for strong and effective PLCs plus and that plus is YOU Until now the PLC movement has been focused almost exclusively on students and what they were or were not learning But keeping student learning at the forefront requires that we also recognize the vital role that you play in the equation of teaching and learning This means that PLCs must take on two additional challenges maximizing your individual expertise while harnessing the power of the collaborative expertise you can develop with your peers PLC is grounded in four cross cutting themes a focus on equity of access and opportunity high expectations for all students a commitment to building individual self efficacy and the collective efficacy of the professional learning community and effective team activation and facilitation to move from discussion to action The PLC framework supports educators in considering five essential questions as they work together to improve student learning Where are we going Where are we now How do we move learning forward What did we learn today Who benefited and who did not benefit The PLC framework leads educators to question practices as well as outcomes It broadens the focus on student learning to encompass educational equity and teaching efficacy and in doing so it leads educators to plan and implement learning communities that maximize individual expertise while harnessing the power of collaborative efficacy **Math Know-How** Thomasenia Lott Adams,Joanne LaFramenta,2013-12-10 From two math coaches who really know how Have you ever wished there were a single resource to help you tackle your most persistent teaching issues once and for all To engage students in more meaningful ways To provide the tools you need to increase students understanding of key mathematical concepts All at

the same time Math coaches Thomasenia Lott Adams and Joanne LaFramenta have just written it With the help of this book you ll be armed with the know how to employ strategies to achieve the CCSS especially the Mathematical Practices make purposeful teaching decisions facilitate differentiated instruction teach and learn with manipulatives use technology appropriately
