[Just Add Water](#) Sarah Henshaw, 2023-02-02

An inspiring guide to activities and adventures to re-energise and boost your mood by our rivers, lakes and canals. While Britain's rivers, lakes and canals have long been co-opted by fitness enthusiasts for the physical benefits they can bring, it's only relatively recently that we've given much thought to their impact on our mental state too. Blue health: the idea that having access to an area of water can benefit a person's whole

wellbeing is gaining traction These waterside places are fundamental to the kind of stuff people now realise they need in their lives exercise solace natural beauty and new places to socialise with so many of them on our doorstep Just Add Water is your guide to the many mood boosting and wellbeing activities adventures and escapes that our inland waterways have to offer Nearly 200 destinations are featured organised into 15 core activities covering the length and breadth of the UK making this the ideal companion for anyone planning a day trip or boating holiday Expert journalist Sarah Henshaw explains how the activities can re energise inspire and relax weaving their wellbeing benefits with practical information to help you get the most out of each experience Accompanied by stunning images the handbook includes everything from mudlarking to wild swimming fishing to foraging towpath hedgerows paddleboarding to learning how to paint canal folk art There are also inspirational first hand accounts of the many ways our waterways have made a difference to people s day to day lives including a high flying exec who finds commuting by water a great way to manage stress This guide showcases the multiple ways to be on in under or next to water and how it can enhance the whole spectrum of lived experience **Narrow Minds**

Marie Browne,2011-11-17 In her debut memoir *Narrow Margins* Marie Browne saved her family from financial ruin by moving her long suffering husband three children and a dog on to a houseboat called Happy Go Lucky in search of a less stressful alternative way of life Now in *Narrow Minds* the family find themselves sucked back into normality they re pretty much back where they started horrible house no boat and the kids are beginning to threaten mutiny Facing perky postmen ice skating cows psychotic villagers and outraged rodents they re running out of time their financial situation is getting desperate and there s every chance life has conspired against them to make sure they never get back afloat Until they find the answer to their dreams lies with Minerva a narrow boat even more run down than the first This hilarious follow up shows the lengths to which a desperate woman will go just to restore her preferred lifestyle **Boaters of London** Ben

Bowles,2024-05-03 London and the Southeast of England is home to an alternative community of people called boaters individuals and families who live on narrowboats cruisers and barges along a network of canals and rivers Many of these people move from place to place every two weeks due to mooring rules and form itinerant communities in the heart of some of the UK s most built up and expensive urban spaces *Boaters of London* is an ethnography that delves into the process of becoming a boater adopting an alternative lifestyle on the water and the political impact that this travelling population has on the state **Britain's Industrial Revolution in 100 Objects** John Broom,2023-02-22 The period of Britain s Industrial

Revolution was perhaps the most transformative era in the nation s history Between about 1750 and 1914 life and work home and school church and community changed irreversibly for Britain s rapidly expanding population Lives were transformed some for the better but many endured abysmal domestic and workplace conditions Eventually improvements were made to Britain s social fabric which led to the prospect of richer and more fulfilled lives for working men women and even children Focusing on 100 objects that either directly influenced or arose from these changes John Broom offers a distinctive insight

into this fascinating age With plentiful illustrations and suggestions for visits to hundreds of places of historical interest this book makes an ideal companion for a journey into Britain's industrial past *Stories for Inclusive Schools* Gill Johnson, Mal Leicester, 2003-10-30 This gem is the ideal companion for the busy primary school teacher Packed with timesaving resources for both the classroom and assembly it provides a wealth of activities to develop key values and skills in your pupils Using the power of stories the authors champion a fresh and inspiring approach to inclusive education across the curriculum integrating key values into classroom learning The twelve themed tales stimulate reflection and discussion on such sensitive areas as bullying prejudice physical disability as well as hidden disabilities alternative lifestyles cultures and different appearances parental difference Lively characters of various ethnic origins who embody respect for diversity enhance these multicultural stories In addition each session contributes to key skills learning in English including speaking and listening reflecting reasoning and concentrating Many of the activities also integrate coordination and art and craft skills numeracy and science skills The many photocopiable activity pages make this an essential tool for teachers or heads who wish to ensure that inclusion is genuinely working for all children throughout their school **Canal 250** Anthony Burton, 2011-05-02 When a young English nobleman was thwarted in love he abandoned the court retired to his estate near Manchester and built a canal to serve his coalmines The Bridgewater Canal was the sensation of the age and led others to follow the example of the enterprising Duke of Bridgewater From his starting point in 1760 over the next half century Britain was covered by a network of waterways that became the lifeblood of the Industrial Revolution This is the story of 250 years of history on those canals and of the people who made and used them The book tells of the great engineers such as Telford Brindley and Jessop and of the industrialists such as Wedgwood and Arkwright who promoted the canals they built It also tells the story of the anonymous navvies who dug the canals the men and women who ran the boats and the workers who kept the canals running Covering the entire history of the canal network from the glorious early days through the years of decline caused by rail and then road competition up to the subsequent revival of the canals as leisure routes this wonderfully illustrated book is a must have for all canal enthusiasts **The River Runs Uphill** Robert Aickman, 1986 Water Ways Jasper Winn, 2018-06-07 For a hundred and fifty years between the plod of packhorse trains and the arrival of the railways canals were the high tech water machine driving the industrial revolution Amazing feats of engineering they carried the rural into the city and the urban into the countryside and changed the lives of everyone And then just when their purpose was extinguished by modern transport they were saved from extinction and repurposed as a slow highways network a peaceful and countryside haven from our too busy age Today there are more boats on the canals than in their Victorian heyday Writer and slow adventurer Jasper Winn spent a year exploring Britain's waterways on foot and by bike in a kayak and on narrowboats Along a thousand miles of wet roads and water streets he discovered a world of wildlife corridors underground adventures the hardware of heritage and history new boating communities endurance kayak races and remote towpaths He

shared journeys with some of the last working boat people and met the anglers walkers boaters activists volunteers and eccentrics who have made the waterways their home In Britain most of us live within five miles of a canal and reading this book we will see them in an entirely new light
