Designing Development Aditya Johri,Akshay

Sharma,2022-06-01 The creation of physical and material infrastructure is the cornerstone of human development not surprisingly engineers and designers are often motivated and inspired in their practice to improve the world around them to make things better for others and to apply their knowledge for the good of mankind These aspirations often get translated into engineering and design curricula where students and faculty work on development related projects usually under the category of community or service learning This book presents an overview of such an education and outreach program designed to empower stakeholders to improve their lives The project described here was an international multi institutional undertaking that included academic institutions non governmental organizations and private firms Within the academic setting an interdisciplinary set of actors that included engineering and industrial design students and faculty worked on the project We concretize our work by presenting a design case study that illustrates how different approaches can help guide the works of engineers and designers as they create global infrastructures and localized artifacts We emphasize the importance of developing long term relationships with organizations on the ground in order to ensure appropriate design as well as successful transfer and long term use of designed artifacts We discuss the life trajectories of the authors to provide a grounded perspective on what motivated us to undertake this work and shaped our approach with the intention to demonstrate that there are multiple paths toward this goal Table of Contents Introduction Development of the Program Personal Trajectories Meet Professional Opportunities Intellectual Positioning of the Program Sociomaterial Infrastructures and Capable and Convivial Design Case Study Quick Response QR Code Based Immunization Solution Design for Development Course and Outreach Initiative Conclusion Lessons Learned **Occupational Therapy and Dementia** Fiona Maclean,Dr Alison F Warren,Lyn Westcott,Elaine Hunter,2022-12-21 With contemporary approaches based on theory and the lived experience of dementia Occupational Therapy and Dementia is written using an occupational justice lens It examines how core elements of how occupational therapy may support the person living with dementia through valued activity in continuing engagement in their lives sustaining their identity and sense of purpose This edited collection critically analyses traditional thinking about dementia practice from over 40 contributors challenging readers to reflect and develop their work Drawing on policy and legislation related to health and social care readers are given tools to focus their practice towards what is important to the person living with dementia Most importantly this book gives a voice to people living with dementia emphasising their expertise A combined emphasis on human rights and occupational justice for people living with dementia offers both a theoretical and practical frame to develop your occupational therapy practice **One Nation, Many Faiths** Liam T. Sutherland,2024-12-26 This book examines the understudied role of the interfaith movement in institutionalizing religious pluralism in the public life of contemporary societies through the case study of Interfaith Scotland It analyzes the organization and their literature demonstrating the ways in which they have cultivated a particular model of religious pluralism compatible with a secular civic cultural nationalism It places this case into a comparative discussion of the

interfaith movement as an emerging global phenomenon In this case study the author considers how Interfaith Scotland presents religions as equivalent compatible bodies of ethical teachings through selective appeals to textual traditions or in some cases their construction It has also depended on conforming to the world religions paradigm where it is only religions with global reach and cohesive characteristics which require representation Liam Sutherland discusses how Interfaith Scotland encouraged a common seemingly apolitical attachment to Scotland s democratic institutions and cultural heritage especially in relation to the question of independence This case study sheds light on the wider relationship between the global interfaith movement and nationalism both in protecting religions against prejudice and exclusion but also pursuing integrationist goals
