**The Undersea Journal** ,1996 **Domesticating Drones** Henry H Perritt, Jr., Eliot O Sprague, 2016-09-13 The public debate over civilian use of drones is intensifying Various called unmanned aircraft systems unmanned aerial vehicles remotely piloted aircraft or simply drones they are available for purchase by anyone for a few hundred to a few

thousand dollars They have strikingly useful capabilities They can carry high definition video cameras infrared imaging equipment sensors for aerial surveying and mapping They can stream their video in real time They have GPS inertial guidance magnetic compasses altimeters and sonic ground sensors that permit them to fly a preprogrammed flightplan take off and land autonomously hover and orbit autonomously with the flick of a switch on the DRone Operator s DROPs console The benefits they can confer on law enforcement journalism land use planning real estate sales critical infrastructure protection and environmental preservation activities are obvious However their proliferation in response to these demands will present substantial risks to aviation safety How to ensure the safety of drone operations perplexes aviation regulators around the world They are inexpensive consumer products unsuited for traditional requirements for manned aircraft costing hundreds of thousands or millions of dollars and flown only by licensed pilots who have dedicated significant parts of their lives and their wealth to obtaining licenses Regulatory agencies in Europe and Asia are ahead of US regulators in creating spaces for commercial use Over the next several years legal requirements must be crystallized existing operators of helicopter and airplanes must refine their policy positions and their business plans to take the new technologies into account and all businesses from the smallest entrepreneur to large conglomerates must decide whether and how to use them Domesticating Drones offers rigorous engineering economics legal and policy theory and doctrine on this important and far reaching development within aviation

Rethinking Jonah Thomas J. Belke,2025-04-15 Was the Hebrew Prophet Jonah a real or fictional person If real when did he live Who were his contemporaries Where did he grow up How long did he live What was he like Is the biblical book truth or fiction Can we know more about him than the 48 verse account in the biblical Book of Jonah one verse in 2 Kings and three short New Testament references To what extent are contemporary assessments of him as being the runaway prophet accurate And what really happened at Nineveh and in the aftermath RETHINKING JONAH is subdivided into four volumes that build on each other as follows Volume 1 Convergence This first volume launches into the inference based historical reconstruction resulting in convergence on the 9th century BC timeframe Scribes scrolls cliffs caves and skulls Prepare to be amazed Volume 2 The Boy Prophet This second volume reveals that Jonah is hidden in plain sight in 2 Kings and reconstructs the first part of his life from his miraculous birth in the Spring of 850 BC to his first resurrection in 849 BC to him drowning to death at sea in 826 BC Volume 3 Two Scrolls Not One This third volume picks up with Jonah s second resurrection in 826 BC reveals that Jonah was originally published as two scrolls not one explains why Nineveh repented in 824 BC and reconstructs Jonah s third resurrection in 799 BC Volume 4 Mysteries Unveiled This fourth volume synthesizes the entire historical reconstruction including an in depth look at the sign of Jonah and the Jonah Israel super sign typology that Jonah s life is a typological map of the history of Israel past present and future

**Diving Science... Revisited** Michael B. Strauss,2023-02-01 Diving Science Revisited is like no other diving text including its predecessor Diving Science Amplified with figures tables and photos in color this book includes four unique and innovative

parts amplified by nine contributors Medical problems of diving MPD are discussed from stimulus response perspectives in the phase of a dive in which they are likely to occur MPD are explained by how they affect the human diver whether physical physiological psychological and or lack of awareness A variety of diving types and situations from breath hold to rebreather from children to women to older aged adults from cold water to cave and from deep altitude to diving with handicaps are described in individual chapters with their merits hazards and necessary precautions for safe diving Part IV contains a concise summary of the MPD from seven different perspectives ranging from the significance of the problem to when to return to diving Part V consists of a rhetorical question for each of the first four parts with bullet points that recap the subjects covered in each chapter This book describes the positive as well as undesirable ways divers interact with the aquatic environment It is especially recommended for the following Diving instructors and supervisors Those involved with clinical applications of hyperbaric oxygen therapy Those engaged in diving associated marine biology and underwater missions All divers whether novice or advanced who want to advance their knowledge about the science and medical challenges of diving
