Calendar is a guide to the maintenance you need to do to keep your garden flourishing and your landscape attractive throughout the year It combines the month by month gardening and landscaping activities from two separate books by George Brookbank Desert Gardening Fruits and Vegetables and Desert Landscaping and was created in response to readers who have found the calendar sections of those books especially invaluable And because not all deserts are the same Brookbank is careful to point out differences in scheduling encountered by gardeners in low and middle elevation regions in California and the Southwest I believe says the author that if you use this calendar and let your judgment become more accurate with experience you ll soon be doing everything right Although that might suggest a day when you don t need this book chances are good that if you re a desert gardener right now you do **Southern Planter and Farmer** ,1852
