**A Guide to the Study of the Pentecostal Movement** Charles Edwin Jones, 1983 This bibliographic and organizational guide to traditional Pentecostalism includes historical information on churches associations and evangelistic and missionary agencies schools and individual proponents and critics of the movement worldwide and related bibliography Churches and other agencies are classified by doctrinal tradition More than 6 000 items are included **Pentecostal and Holiness**

**Statements on War and Peace** Jay Beaman, Brian K. Pipkin, 2013-08-30 Many Pentecostal groups have forgotten their legacy of war resistance and doctrinal history opposing killing To rectify this loss we have catalogued Holiness and Pentecostal denominational statements on war and peace Numerous Holiness groups and virtually all early Pentecostal groups had some form of pacifist statement against war This antiwar collection gives us an almost uniform picture of the early Pentecostal movement as largely pacifist in orientation The commonality of these statements across both Holiness and Pentecostal movements is evidence they are a continuous group and not two separate movements While their early doctrines opposed killing many named in this book are now widely considered to be stalwarts of the Religious Right or at least staunch supporters of Christian participation in war Our hope is that this book will frame the official position of early Pentecostals on war and peace and encourage Pentecostals today to reflect on their antiwar heritage **The Holiness-Pentecostal**

**Tradition** Vinson Synan, 1997-08-25 Called a pioneer contribution by Church History when it was first published in 1971 as The Holiness Pentecostal Movement in the United States this volume has now been revised and enlarged by Vinson Synan to account for the incredible changes that have occurred in the church world during the last quarter of the twentieth century Synan brings together the stories of the many movements usually listed as holiness pentecostal or charismatic and shows that there is an identifiable second blessing tradition in Christianity that began with the Catholic and Anglican mystics that was crystallized in the teaching of John Wesley and that was further perpetuated through the holiness and Keswick movements of the nineteenth and twentieth centuries to the appearance of modern Pentecostalism Synan then chronicles the story of the spread of Pentecostalism around the world after the heady days of the Azusa Street awakening with special attention given to the beginnings of the movement in those nations where Pentecostalism has become a major religious force He also examines the rise of various mainline church charismatic movements that have their roots in Pentecostalism Because of the explosive growth of the Pentecostal movement in the last half of the century Pentecostals and Charismatics now constitute the second largest family of Christians in the world after the Roman Catholic Church This could well be the major story of Christianity in the twentieth century writes Synan Pentecostalism has grown beyond a mere passing movement and can now be seen as a major Christian tradition alongside the Roman Catholic Orthodox and Reformation Protestant traditions The Holiness Pentecostal Tradition will continue to be an important handbook for shaping our understanding of this phenomenon **Pentecostal movement and charismatization** Evangelische Kirche in Deutschland (EKD), 2022-05-24 In

many countries Pentecostal churches are the fastest growing Christian group About one quarter of Christians around the world belong to a Pentecostal or charismatic church The denominational landscape is thereby changing also increasingly in Europe How can a constructive dialogue succeed which does not ignore critical aspects This is the guiding question of the orientation aid of the EKD chamber for worldwide ecumenism To facilitate dialogue it first introduces the history and typology of the Pentecostal movement and on the basis of case studies draws a broad panorama of its cultural forms A focus of the volume is on the discussion of fundamental theological questions that arise in conversation with Pentecostal churches

**Transmitting the Spirit in Missions** Amos Jimmy Markin, 2019-02-05 Transmitting the Spirit in Missions The History and Growth of the Church of Pentecost discourses on how Pentecostalism in general has been involved in the current growth mission and changing face of global Christianity It argues that African Pentecostals particularly are an integral part of the global expansion of Christianity in this century Specifically this book engages the history and growth of the Church of Pentecost an African Pentecostal denomination from Ghana to demonstrate how African Pentecostals have taken their spirituality into their own hands and planted churches in their home country as well as other parts of the globe The focus of this book is that African Pentecostals have achieved this feat through the experiential power and reliance of the Holy Spirit and the indigenous factor The specific highlight is that this book is an updated analysis of the history growth and missions of the Church of Pentecost Although this work is transformed from a PhD thesis the content is presented accessibly to both the academia and general church populace both pastors and the laity

**Pentecostal Pacifism** Jay Beaman, 2009-11-01 At a time when the Evangelical wing of the church is beginning to show some signs of soul searching over the issues of war and peace the Pentecostals would do well to study their own heritage Whether they accept or reject their earlier world view they need to interpret the motivation for their original beliefs and those which they now hold As people of the word of God have Pentecostals altered their pacifistic views as a result of new biblical insights or cultural accommodation From the

Introduction **Pentecostal Origins** James Robinson, 2011-01-19 Harvey Cox describes Pentecostalism as the fascinating spiritual child of our time that has the potential at the global scale to contribute to the reshaping of religion in the twenty first century This study grounds such sentiments by examining at the local scale the origin development and nature of Pentecostalism in Ireland in its first twenty years

Pentecostal and Charismatic Studies William Kay, Anne E. Dyer, 2017-10-30. The Pentecostal and Charismatic movement is one of the miracles of the 20th century. Without government support, without an advertising campaign, often without the notice of journalists and academics, and sometimes in the face of persecution and ridicule, it has spread its message around the world and now attracts in the region of 500 million people. Many of its original and formative documents are unknown and out of print. This book collects

together samples from the writings of key Pentecostals and charismatics going back about 100 years and over a range of issues and practices shows how they vary and how they have developed historically These texts have lain in out of print magazines and archives and so far as we know have never been collected before in this way This book allows you to hear the authentic voice of the Pentecostal and charismatic movements drawing especially from sources in English *Pentecostal and Charismatic Spiritualities and Civic Engagement in Zambia* Naar M'fundisi-Holloway,2018-08-22 For the past sixty years the Pentecostal and Charismatic movement has played a major role in Zambia In this book Naar Mfundisi Holloway explains the history of this development and its impact on civic engagement She opens a discussion on church state relations and explains how the church presented a channel of hope in the wake of the HIV AIDS pandemic despite having a history that eschewed civic engagement In fact the pandemic propelled the church to work alongside the state in the fight against the disease Using interviews and historical analysis this book provides valuable insight into how Pentecostal and Charismatic churches have effectively engaged matters of civic concern in Zambia dating from colonial times *Passover, Pentecost and Parousia* ,2019-05-21 Dr R Hollis Gause has been Professor of Theological and New Testament Studies at Lee University and the Church of God Theological Seminary in Cleveland Tennessee for many years and his huge contribution to Pentecostal scholarship is held in high regard internationally His influential life and ministry as well as his teaching and scholarship are here celebrated in his 85th year by many of his colleagues and former students Contributors are Contributions K E Alexander L R Martin R D Moore J M Beaty J A Adewuya J C Thomas K J Archer S E Han T L Johns D G Roebuck J P Bowers C Bridges Johns C R Cason M O McMahan D W Slocumb R E Waldrup *Pentecostal Preaching and Ministry in Multicultural and Post-Christian Canada* Steven M. Studebaker,2019-11-07 Over the past forty years Canada has become an increasingly secular multicultural and religiously plural society Indeed the church in Canada and Pentecostals in particular face a challenging context for responding to the call to bear witness to Christ in the power of the Holy Spirit Like the disciples on the day of Pentecost however we need the Holy Spirit to come upon us and liberate us from our post Christian pessimism We need the Holy Spirit to enable us to proclaim the gospel to the nations people that are no longer at the ends of the earth but making their home in Canada This book engages this new context and considers and proposes ways that pentecostal Christians and churches can respond to the challenges of the increasingly post Christian multicultural secular and religiously plural context of Canadian society *Good Pastors, Bad Pastors* Dela Quampah,2014-08-20 The emergence of Pentecostalism in Ghana has attracted a massive following and generated institutions that have significantly impacted Christian discourse and national life The movement has produced prominent leaders who have developed exemplary Christian education programs and generated volumes of Christian literature unprecedented in Ghanaian Christianity Nevertheless public opinion often upbraids church leaders for unethical conduct Despite the concern for high moral standards set by Pentecostal church polity and ministerial ethical codes reports of Pentecostal ministerial misconduct appear

regularly in the media Although congregation members and perceptive public observers appreciate the constructive moral impact of Pentecostal ministers instances of promiscuity power abuse financial misappropriation and superstition reveal a gap between ethical ideals and practice As this research reveals factors behind unethical ministerial conduct include inadequate training poor accountability and a general low level of ethical reflection Good Pastors Bad Pastors suggests that a multidimensional approach of responsible reportage emphatic moral education appropriate but sympathetic response to moral failure and peer review accountability could help uphold a higher standard of ministerial ethics

*A Light to the Nations* Stanley M. Burgess, Paul W. Lewis, 2017-03-02 The essays in this volume which are written by friends colleagues and former students are dedicated to Gary B McGee as a memorial to his life work and service As a professor with a clear calling to teach he modeled this passion at the Open Bible College Des Moines Iowa Central Bible College Springfield Missouri and the Assemblies of God Theological Seminary Springfield Missouri He exuded the understanding that quality teaching superior scholarship a genuine Pentecostal spirituality and an irenic spirit can and should go together Within the title of this volume *A Light to the Nations* two aspects become clear First each person is called to be a light to the nations as Gary McGee modeled Second and foundational to the first is the reality that Jesus Christ is the ultimate light and our energies study discussions and life in general should rely on this fact As a reflection of Gary McGee's life and ministry these two aspects are focused through three lenses which are the three sections of this volume Ecumenism Missions and Pentecostalism The essays represent a diversity of subjects and denote various explorations by colleagues and friends of Gary B McGee

**Pentecostal Pioneer** Dynnice Rosanny D. Engcoy, 2017-11-22 From the Foreword Rose Engcoy's insightful study of the life and ministry of Rodrigo Rudy Esperanza is important for two reasons The first is that all of us have much to learn from Rev Esperanza's example After all he was one of the pioneers of Pentecostalism in the Philippines His work as a church planter pastor educator and long time senior administrator of the Philippines General Council of the Assemblies of God PGCAG was vitally important to that denomination's early success which has situated it in the front ranks of the community of Spirit filled believers in his beloved homeland Rev Esperanza a veteran ecclesiastical firefighter who doused the flames of many a conflict that threatened to disrupt the PGCAG's unity not only helped to pilot the United Pentecostal Fellowship but also led his fellow Pentecostals in collaboration with non Pentecostal evangelicals in a range of evangelistic and ministry activities that went a long way toward allaying suspicions on both sides Growing churches are always the most vulnerable to conflict and schism so Christians who long for unity in the body of Christ can learn a lot from Rev Esperanza This book will help with that But Dr Engcoy's study is important for another reason as well Today the Christian community is growing rapidly in Asia especially East Asia rivaling the explosive growth of the church in Africa Riding the crest of the wave are Pentecostal denominations like the PGCAG This study of Rudy Esperanza and the early years of the PGCAG gives us a very good idea of what lies ahead for Philippine Protestantism I find that enormously encouraging George W Harper Ph D

### **Christian Worship in Reformed Churches Past and**

**Present** Lukas Vischer, 2003 Worship renewal is now on the agenda of many Reformed churches as the need for adaptation and new approaches is acutely felt all over. How can the church faithfully worship God in the midst of rapidly changing situations? How can it constructively relate to widely differing cultural contexts? What is its place in the wider ecumenical scene? In preparing a sweeping survey of Reformed worship across time and place, this volume provides some help to those engaged with vital questions like these. Written by theologians and liturgical scholars from a wide range of churches and countries, these chapters explore the history of Reformed worship on every continent from the sixteenth century to the present. Surveying the most significant developments in the growth of Reformed worship, the book identifies the major ingredients that make the Reformed worship tradition distinctive and highlights those aspects of Reformed worship that are particularly relevant to present efforts at renewal. Indeed, an important component of this book is the inclusion of *A Common Reflection on Christian Worship in Reformed Churches Today*, the result of a major consultation in January 2001 at the International Reformed Center, John Knox. Revealing the rich variety of forms and diversity of perspectives that have made and do make up Reformed worship worldwide, this volume will be a valuable resource for church and worship leaders both in and outside the Reformed family. ### **African Pentecostal Theology** Mookgo Solomon

Kgatle, 2023-12-11 *African Pentecostal Theology: Modality, Disciplinarity and Decoloniality* explores research methodology, theological disciplines, and contextualization as important aspects in the process of studying Pentecostal theology in an African context. Mookgo Solomon Kgatle outlines different data collection and data analysis methods, including the skills of interpreting and presenting research findings in a responsible manner. This book illustrates that Pentecostal theology, given its pneumatological approach, goes beyond conventional theological disciplines in transdisciplinary research. The development of knowledge in African Pentecostal Theology should recognize African Indigenous Knowledge Systems (AIKS), African oral and traditional cultures, and African indigenous languages to be relevant to Africans. Pentecostal theologians from different theological disciplines in Africa and globally will find this book a worthwhile read.
