Christ and lead to growth for local churches To solidify charismatic and expository preaching it is necessary to explore the hermeneutical exegetical and homiletical issues that divide the two methods regarding the work of the Holy Spirit and the gifts the Spirit bestows to believers for ministry Charismatic interpretations concerning the gifts of the Spirit revolve around speaking in tongues as the primary identifier of being filled with the Spirit which most expository preachers and scholars view as an incorrect interpretation This study seeks to answer these problems in the quest of unifying both preaching methods

The Lord's Work Tim Grass, 2017-10-20 The Catholic Apostolic Church combined liturgical worship charismatic experience ecumenical vision and eschatological

expectation Philip Schaff commented that the claims made for its apostles if true commanded every Christian's attention. Historians and liturgists alike have been fascinated by the Church but deterred from researching it because of the notorious difficulty of access to material. This account of the church's growth and decline draws on archival sources from several countries many not hitherto used for research and publications in German as well as English. Previous accounts in English have focused on the Church in the English speaking world but this book breaks fresh ground by covering the Church's development in every country where it was active. Surveying Catholic Apostolic history polity and ministry it seeks to tell the story rather than using the Church as a test case for a preconceived hypothesis. In so doing it opens up a range of lines of inquiry for future researchers.

Freedom Church of the Poor Colleen Wessel-McCoy, 2021-08-19 When King looked over into the promised land and tried to discern how we would get there he called the poor to lead the way. The Poor People's Campaign was part of a political strategy for building a movement expansive enough to tackle the enmeshed evils of racism poverty and war. In Freedom Church of the Poor Martin Luther King Jr's Poor People's Campaign Colleen Wessel McCoy roots King's political vision solidly in his theological ethics and traces the spirit of the campaign in the community and religious leaders who are responding to the devastating crises of inequality today.

Broken Bodies Karen O'Donnell, 2019-01-01 The Body of Christ is a traumatised body because it is constituted of traumatised bodies. This monograph explores the nature of that trauma and examines the implications of identifying the trauma of this body. Constructing new ways of thinking about the narratives at the heart of the Christian faith *Broken Bodies* offers a fresh perspective on Christian theology in particular the Eucharist and presents a call to love the body in all its guises. It offers new pathways for considering what it means to be Christian and explores the impact that the experience of trauma has on Christian doctrine.

Ritual and Social Dynamics in Christian and Islamic Preaching Ruth Conrad, Roland Hardenberg, Hanna Miethner, Max Stille, 2023-12-14 Christian and Islamic sermons from past and present and their preachers are analyzed to reveal the socio cultural dynamics of religious speeches. Part I focuses on the explicit contribution of sermons in socio cultural transformation processes. It shows how sermons connect with holy texts religious norms of the specific group and social cultural contexts. Part II analyzes the dynamic tension between normativity and popularity. Rather than juxtaposing normative stances and the popularity of sermons it shows how that normativity can itself contribute to popularity and the quest of popularity carries its own normative stances. Part III explores the ritual embeddedness of religious speech in the sermon in relation to social dynamics normativity and popularity and shows how speech and rituals have a reciprocal relationship.

The Bible in Christian North Africa Jonathan P. Yates, Anthony Dupont, 2023-11-06 This second volume delves into the intricate dynamics that surrounded the use of Scripture by North African Christians from the late fourth to the mid seventh century CE. It focuses on the multivalent ways in which Scripture was incorporated into the fabric of ecclesial existence and theological reflection as well as on Scripture's role in informing and supporting these Christians' decision

making processes This volume also highlights the intricate theological and philosophical deliberations that were carried out between and among influential North African Christian leaders and scholars in diverse cultural and geopolitical settings while paying attention to the complex manner in which these Scripture laden discourses intersected the wide variety of religious opinions and ecclesiastical and or theological movements that so clearly marked this region in this era

Catastrophe Theology Francis Kai,2017-05-15 The Catastrophe Theology is a theology learned by Francis Kai throughout the years he was thrown into the Valley of Achor Although he had been a Catholic from ten years old Francis did not know to receive grace from God in deep suffering when his wife Martha was diagnosed with brain cancer During his search for spiritual help Francis discovered Martin Luther was the first theologian to preach suffering Luthers doctrine of justification by faith alone is the doctrine of salvation by grace alone through faith alone Grace is the free gift of God to mankind A Christian must learn the way to receive grace through his faith in Christ Francis learned to receive grace by learning Luthers teaching Submit totally to God He was transformed from living his church life to Christian life God calls us to bear great fruit for his glory in this suffering world Francis learned the verse of John 14 12 from Pastor Scott Scruggs to do greater things than Jesus by telling his readers about the theology of suffering A church that does not preach suffering is not Gods church Francis learned to be a godly man from living a life in doctrine
