Respiratory System WebQuest

Directions: Use the link to complete the WebQuest!

<https://www.clevelandclinic.org/health/diseases/23205-respiratory-system>

Introduction: The respiratory system is crucial for our survival. It helps us breathe, deliver oxygen to our cells, and remove waste gases from the body. In this webquest, you will explore the Cleveland Clinic website to learn more about the respiratory system.

Task 1: Anatomy of the Respiratory System

1. Find information on about the major organs of the respiratory system and their functions.
2. List the primary parts of the respiratory system, and briefly describe their roles.
3. How does the respiratory system work together with other body systems?

Task 2: Common Respiratory Problems

1. Explore the section on common respiratory problems.
2. Identify and explain at least three common respiratory problems or conditions.
3. What are the causes, symptoms, and treatment options for each condition?
