Food and the Self Isabelle de Solier, 2013-10-10 We often hear that selves are no longer formed through producing material things at work but by consuming them in leisure leading to meaningless modern lives This important book reveals the cultural shift to be more complex demonstrating how people in postindustrial societies strive to form meaningful and moral selves through both the consumption and production of material culture in leisure Focusing on the material culture of food the book explores these theoretical questions through an ethnography of those individuals for whom food is central to their self foodies It examines what foodies do and why they do it through an in depth study of their lived experiences The book uncovers how food offers a means of shaping the self not as a consumer but as an amateur who engages in both the production and consumption of material culture and adopts a professional approach which reveals the new moralities of productive leisure in self formation The chapters examine a variety of practices from fine dining and shopping to cooking and blogging and include rare data on how people use media such as cookbooks food television and digital food media in their everyday life This book is ideal for students scholars and anyone interested in the meaning of food in modern life

Australian National Bibliography, 1978 [Food of Australia \(H\)](#) Wendy Hutton, 2012-11-15 The remarkable geographic and ethnic diversity of Australia has laid the foundation for the country's new culinary identity Drawing on European Asian Middle Eastern and native Australian ingredients and cooking styles the country's young and innovative chefs have melded these influences into a fresh and unique style of cooking This book presents a cross section of recipes from twenty two of Australia's leading chefs This book is divided into two sections Part I contains lively essays by Australian culinary experts which introduce the history culture and diverse influences which have shaped the development of contemporary Australian cuisine Part II contains an overview of cooking in Australia lists of ingredients that Australian cooking relies on and over 70 of Australia's favorite recipes The Food of Australia contains easy to follow recipes with detailed descriptions and vibrant photography enabling enthusiastic cooks anywhere to capture the unique flavors of this remarkable continent

The Getting of Garlic John Newton, 2018-10-01 The white colonisers of Australia suffered from Alliumphobia a fear of garlic Local cooks didn't touch the stuff and it took centuries for that fear to lift This food history of Australia shows we held onto British assumptions about produce and cooking for a long time and these fed our views on

racial hierarchies and our place in the world Before Garlic we had meat and potatoes After Garlic what we ate got much more interesting But has a national cuisine emerged What is Australian food culture Renowned food writer John Newton visits haute cuisine or fine dining restaurants the cafes and mid range restaurants and heads home to the dinner tables as he samples what everyday people have cooked and eaten over centuries His observations and recipes old and new show what has changed and what hasn't changed as much as we might think even though our chefs are hailed as some of the best in the world

Health Education Katie Fitzpatrick, Richard Tinning, 2014-02-05 Health Education Critical perspectives provides a socio cultural and critical approach to health education The book draws together international experts in the fields of health and education who deconstruct contemporary discourses and practices and re imagine a health education that both connects with young people and offers a way forward in addressing issues of health and wellbeing Chapters within specifically link academic work on neoliberalism healthism risk and the body to wider discourses of health and health education They challenge current practices and call for a re thinking of current health programs in education settings A unique feature of this book is the analyses of health education from both political and applied levels across a range of international contexts The book is divided into three sections the social and political contexts informing health education how individual health issues sexuality alcohol mental health the body and obesity nutrition articulate in education in complex ways alternative ways to think about health and health education pedagogy The overall theme of the book offers a perspective that the current approach to health education promoting a fear of ill health self surveillance and individual responsibility can become a form of health fascism and we need to be cognisant of this potential and its consequences for young people The book will be of key interest to academics and researchers exploring the political context of health education
