Gender Responsive Budgeting in Fragile States Monica Costa, 2017-08-16 A growing number of governments have made commitments to achieving gender equality and women s rights with many using gender responsive budgeting GRB to allocate resources for the delivery of economic policy and governance that benefit men and women equally At a time when GRB is growing in global traction this book investigates what it can deliver for gender equality and state resilience in contexts where the state is weak or prone to violence such as in Timor Leste *Gender Responsive Budgeting in Fragile States The Case of Timor Leste* uses the Timor Leste case to investigate whether gender equality reform can be adopted at the same time as establishing economic and institutional fundamentals While some may have thought that the adoption of GRB strategy in 2008 was premature Monica Costa argues that GRB initiatives have contributed to budget accountability and transparency and ultimately improved policy and budget processes and decisions This multi disciplinary analysis of a decade of GRB demonstrates why GRB is important to inform the debate on state fragility resilience and argues that fragile states cannot defer gender equality in the name of getting the economic and institutional basics right While a growing number of fragile states have taken steps to make their budget more gender responsive questions remain for economists and policy makers about what can be achieved and how *Gender Responsive Budgeting in Fragile States* is the first international publication on GRB in fragile state contexts and will be of interest to researchers upper level students policy makers and NGOs with an interest in policy economics gender and development

Ministry of Defence Great Britain: Parliament: House of Commons: Committee of Public Accounts, 2012-05-25 The Ministry of Defence announced in the summer of 2010 that it had a funding gap of 38 billion over the next ten years As part of the Government s efforts to reduce the deficit the Department also needs to reduce its annual spending by 7 5% in real terms by 2015 It intends to achieve a significant proportion of its required savings by reducing its civilian personnel by 29 000 and its military personnel by 25 000

which it estimates will save 4 1 billion between 2011 and 2015 The Department is currently enacting a transformation programme to change its way of working in order to deliver on the Strategic Defence and Security Review priorities with fewer staff However the Department has put plans in place to implement reductions in its workforce before it has finalised its new operating model The operating model will set out how the Department will meet its objectives in the future but its reductions in workforce will be well advanced before the model is agreed There is concern that plans to reduce the workforce have been determined more by the need to cut costs than by considering how to deliver its strategic objectives and that there is a risk of further skills gaps developing This could make the Department increasingly reliant on external expertise with consultancy expenditure having already grown from 6 million in 2006 07 to 270 million in 2010 11

Industrial Policy and the Transformation of the Colonial Economy in Africa Horman Chitonge, 2021-02-15 Industrial Policy and the Transformation of the Colonial Economy in Africa offers an in depth analysis of the role industrial policy can play in the transformation of African economies Using examples from Zambia s industrial development experience this book illustrates that core features of the colonial economy have not just survived six decades of independence in most African countries but they have continued to shape the nature scope and pace of economic activities on the continent The book argues that since the colonial economy in Africa was not intended to serve the interests of Africans it is imperative that the structures and the underlying rationale of the colonial economy are radically reoriented if economic activities in Africa are to benefit the majority of Africans Drawing from the Zambian experience the book shows that the transformation of the colonial economy in Africa is urgently needed Whilst this has proved to be difficult over the past six decades it can be done The book outlines a specific type of industrial policy Frontier Industrial Policy as a key instrument for transforming the structure of African economies At a time when economic growth across Africa is under considerable pressure due to COVID 19 the insights in this book will be of interest to researchers across Economics Development Postcolonial Studies and African Studies

The Oxford Handbook of the Ethiopian Economy Fantu Cheru, Christopher Cramer, Arkebe Oqubay, 2019-01-10 From a war torn and famine plagued country at the beginning of the 1990s Ethiopia is today emerging as one of the fastest growing economies in Africa Growth in Ethiopia has surpassed that of every other sub Saharan country over the past decade and is forecast by the International Monetary Fund to exceed 8 percent over the next two years The government has set its eyes on transforming the country into a middle income country by 2025 and into a leading manufacturing hub in Africa The Oxford Handbook of the Ethiopian Economy studies this country s unique model of development where the state plays a central role and where a successful industrialization drive has challenged the long held erroneous assumption that industrial policy will never work in poor African countries While much of the volume is focused on post 1991 economic development policy and strategy the analysis is set against the background of the long history of Ethiopia and more specifically on the Imperial period that ended in 1974 the socialist development experiment of the Derg regime between 1974 and 1991 and the policies

and strategies of the current EPRDF government that assumed power in 1991 Including a range of contributions from both academic and professional standpoints this volume is a key reference work on the economy of Ethiopia *Federal Budget in Brief* Pakistan. OECD Environmental Performance Reviews: Spain 2015 OECD,2015-03-02 This report evaluates Spain s progress towards sustainable development and green growth with a focus on biodiversity and the environmental performance of the private sector **Financing the Green Transformation** U. Volz,Judith Böhnke,Laura Knierim,Katharina Richert,Greta-Maria Roeber,Vanessa Eidt,2015-06-09 Explores challenges for developing and emerging economies for enhancing green financing for sustainable low carbon investment looking at Indonesia Based on surveys in the Indonesian banking and corporate sectors and expert interviews it devises innovative policy recommendations to develop a framework conducive to fostering green investments *Select Committee Effectiveness, Resources and Powers* Great Britain: Parliament: House of Commons: Liaison Committee,2012-11-08 Drawing on reports from committees evidence from outside observers and academic research this report concludes that two years after the general election and the Wright reforms the evidence is broadly encouraging although committees face some obstacles and there is room for improvement The old doctrine by which ministers alone are accountable to Parliament for the conduct of their department is being stretched to implausibility and there is a need for a changed approach It recommends that the Government engage with the Liaison Committee in a review of the relationship between Government and select committees with the aim of producing joint guidelines for departments and committees which recognise ministerial accountability the proper role of the Civil Service and the legitimate wish of Parliament for more effective accountability The report also makes numerous recommendations for Committees including that they be forward looking in scrutiny of departmental performance devoting less effort to raking over the coals of past events unless there are lessons to be learnt give more attention to the financial implications of departmental policy and how departments assess the effectiveness of their spending experiment with different approaches to evidence taking broaden the range of witnesses and make more use of commissioned research follow up recommendations to ensure that reports have impact and report to the House at least once each Session on what has been done The Committee intends to ask the Backbench Business Committee for time for a debate in the House of Commons on a motion endorsing its conclusions and recommendations *Agricultural Development and Food Security in Africa* Renu Modi,Fantu Cheru,2013-08-08 The subject of food security and land issues in Africa has become one of increased importance and contention over recent years In particular the focus has shifted to the role new global South donors especially India China

and Brazil are playing in shaping African agriculture through their increased involvement and investment in the continent Approaching the topic through the framework of South South co operation this highly original volume presents a critical analysis of the ways in which Chinese Indian and Brazilian engagements in African agriculture are structured and implemented Do these investments have the potential to create new opportunities to improve local living standards transfer new technology and knowhow to African producers and reverse the persistent productivity decline in African agriculture Or will they simply aggravate the problem of food insecurity by accelerating the process of land alienation and displacement of local people from their land Topical and comprehensive Agricultural Development and Food Security in Africa offers fresh insight into a set of relationships that will shape both Africa and the world over the coming decades Outcome Budget India.
