The workbook introduces four fictional clients, two of them new for which students may work as they complete assignments. These clients include both commercial and non-profit organizations. A new Research section bridges the gap between clients and the real world of the student's college city or region so that clients can be localized to the student's area. The Modern Day Store is a detailed road map designed to expose these issues and bring about the process of creating a unified store. Once unified the Modern Day Store will bring about many new found successes and freedoms that will set the standard for many years to come. *New Hampshire Public Libraries*, 1917 **The Fashion Design Manual** Pamela Stecker, 1996 The Fashion Design Manual is a comprehensive introduction to the world of fashion.
