Chester, 2012 This book is the first of a two volume work with the overall title Future Hope and Present Reality These volumes had their origin in the Speaker's Lectures that Andrew Chester gave in Oxford their main focus is central themes in biblical eschatology and especially the apparent contradictions between what is hoped for in the future and what is experienced in the present the stark discrepancy that is between the world as it is and the world as it should be In this first volume as the subtitle Eschatology and Transformation in the Hebrew Bible indicates the author is concerned with the Hebrew Bible or Old Testament the second will be on the New Testament He deals successively with central eschatological themes and the deep tensions they involve divine threats of an absolute end to human life and to the world itself and divine promises of blessing and transformation along with the theological questions inevitably raised by these both in themselves and in relation to each other the whole phenomenon of prophecy and the problems it involves not least whether it can be taken seriously in face of the contradictions and failures it manifests He discusses the sheer discrepancy between ideal and reality in traditions relating to kingship along with the tensions inherent in the emergence of messianic hope death as representing the end of any relationship with God along with hope that goes beyond death in relation both to the individual and also the nation and finally visions of a transformed and paradisaical world and whether these can bear any relation to reality It is argued that the Hebrew Bible can be seen to offer genuine grounds for hope but that these can have any cogency only if the problems involved are really engaged with

music of Franz Schubert explores the rich terrain of Schubert's impromptus and last piano sonatas. Drawing on the relationships between these pieces and Schubert's *Winterreise* song cycle, his earlier *Der Wanderer*, the closely related *Unfinished Symphony* and his story of exile and homecoming *My Dream*, Charles Fisk explains how Schubert's view of his own life may well have shaped his music in the years shortly before his death. Fisk's intimate portrayal of Schubert is based on evidence from the composer's own hand: both verbal song texts and his written words, and musical vocal and instrumental. Noting extraordinary aspects of tonality structure and gestural content, Fisk argues that through his music Schubert sought to alleviate his apparent sense of exile and his anticipation of early death. Fisk supports this view through close analyses of the cyclic connections within and between the works he explores, finding in them complex musical narratives that attempt to come to terms with mortality, alienation, hope, and desire. Fisk's knowledge of Schubert's life and music, together with his astute and imaginative attention to musical detail, helps him achieve one of the most difficult goals in music criticism: to capture and verbalize the human content of instrumental music.
