

## Revelation By Liz Lochhead Poetry Analysis

The opening lines of the poem initiate the main themes: "Black bull" introduces one of the themes which are gender stereotyping. This suggests the bull is powerful, strong and very angry. Females are then introduced in the poem, "eggs and milk". This suggests females are pale, delicate and easily broken. The poet highlights the theme of stereotypes by placing "black bull" above "eggs and milk". This is to effectively state that the black bull is on top of eggs and milk which emphasises on the importance of gender stereotyping.

The second theme is introduced which is innocence and experience. "They call him Bob – as though perhaps you could reduce a monster with the charm of a friendly name". Tone here is cynical. The bull has been given a cheery, friendly name which is a irrelevant name for the harsh animal. The key words of the quote are "monster" and "friendly". This is a very striking contrast between the idea of the name Bob being friendly, cheery and approachable, but in actual fact behind the cheery name lays a monster. The quote, "at the threshold of his outhouse", is the turning point in the story.

This is a symbolic quote that states you must go over a line before starting a new life. In the poem a young girl is standing in the area between safety and danger. The line is significant as the pause creates a series of tension building up to a sense of danger. The girl's initial perceptions of the creature are conveyed in, "At first only black, and the hot reek of him..." The girl's sensory impressions of the bull are that the word "black" represents danger. The words "hot reek" represents the smell and stench of the bull.

Her over all sensory impression is the smell of the bulls pungent aroma that is its natural smell and the limited sight gives her a sense of the unknown danger. The poet continues to reference the main theme of gender stereotyping by developing it, "We was immense". This quote highlights masculinity and power. It shows that males are bigger, more powerful and the dominate gender. The theme of innocence and experience is also developed, and the bull and the girl are compared to each other. The girl is full of fear and innocence. She is extremely intimidated by the bulls presence.

The poet powerfully, reinforces the contrasting thematic dichotomies suggested in verse one. In the first instance this is done by including details in verse two which contract with details from the first verse. The poet has reinforced the theme of innocence and experience as he shows that the bull knows he is restrained. Also reinforces the theme of gender stereotyping – girl and boy. This is done as it is dark and the girl cannot see what the bull is doing, whilst the girl is unaware of this, the bull is trying to break free from where he is chained up too.

The poet condenses the contrast by highlighting them in a few lines of verse two. "I had always

**Edinburgh Companion to Liz Lochhead** Anne Varty, 2013-03-14 Explores the significance of Liz Lochhead's work for the twenty-first century. The first contemporary critical investigation since Liz Lochhead's appointment as Scotland's second Scots Makar, this Companion examines her poetry, theatre, visual and performing arts and broadcast media. It also discusses her theatre for children and young people, her translations for the stage as well as translations of her texts into foreign languages and cultures. Several poets offer commentaries on the influence of Liz Lochhead on their own practice, while academic critics from America, Europe, England and Scotland offer new critical readings inspired by feminism, post-colonialism and cultural history. The volume addresses all of Lochhead's major outputs from a new appraisal of early work such as *Dreaming*, *Frankenstein* and *Blood and Ice* to evaluations of her more recent works and collections such as *The Colour of Black and White* and *Perfect Days*.

**Biofictions** Martin Middeke, Werner Huber, 1999 *Biofictions* sets out to explore this renewed interest in Romantic artist figures in the context of the current renaissance of life writing.

**The Mainstream Companion to Scottish Literature** Trevor Royle, 2012-01-06 *The Mainstream Companion to Scottish Literature* is the most comprehensive reference guide to Scotland's literature covering a period from the earliest times to the early 1990s. It includes over 600 essays on the lives and works of the principal poets, novelists, dramatists, critics and men and women of letters who have written in English, Scots or Gaelic. Thus, as well as such major writers as Robert Henryson, William Dunbar, Gavin Douglas, Allan Ramsay, Robert Fergusson, Robert Burns, Walter Scott, Robert Louis Stevenson and Hugh MacDiarmid, the Companion also lists many minor writers whose work might otherwise have been overlooked in any survey of Scottish literature. Also included here are entries on the lives of other more peripheral writers such as historians, philosophers, diarists and divines whose work has made a contribution to Scottish letters. Other essays range over such general subjects as the principal work of major writers, literary movements, historical events, the world of printing and publishing, folklore, journalism, drama and Gaelic. A feature of the book is the inclusion of the bibliography of each writer and reference to the major critical works. This comprehensive guide is an essential tool for the serious student of Scottish literature as well as being an ideal guide and companion for the general reader.

**Revelation** Sue Lothead-Lane, 2019-08-21 CHAPTER 1 REVELATION I begin at the end of my writing as these are mostly my later poems They came to me in deeper moments meditative states or sometimes even just out of the blue demanding attention to be written down They reflect my spiritual journey through life influenced by my study of Esoteric Philosophy and Spirituality Christian Hermeticism Perennial Wisdom and The Divine Feminine They give meaning and make sense of my life's journey and in sharing them with others I hope to give an insight into a way of looking at life that may be useful to those who are also Independent Spiritual Seekers CHAPTER 2 SHORT POEMS These are just short and sweet and often fun and can reveal a lot in a few words Ideas and thoughts that come in a moment and can have more depth than originally observed They are about love sadness and the passage of time in a nutshell CHAPTER 3 NATURE AS INSPIRATION Based on the idea that what draws our eye and our attention is what we need to observe in the world in order to know ourselves nature as inspiration is a perfect palette of opportunity The burgeoning of spring flowers the harbinger of hope and new beginnings or deeply observing a plant or flower can uncover the secrets of its existence and are perfect mirrors to the soul They can tell us through revelation more than any intellectual analysis what we are seeking or trying to uncover or express They can reveal to us something we need to witness from which we can then transform and move forward CHAPTER 4 PILGRIMAGE These poems or writings are what I experience when I am open to a channelled level of consciousness The words that reveal themselves have a totally different quality to my own writings They do not come from my own conscious mind and experience of life but are a message that comes from a sphere full of compassion and understanding and of unconditional love and support I experience these moments when I enter the physical space of representations of the so called Black Madonnas and the Virgin Mary and focus on what they represent These messages are very personal to my own experience but I also feel they are universal in their appeal and are for all to hear I have shared them with like minded people and in this anthology bring them to a wider audience CHAPTER 5 MANY VARIOUS This is a collection of my early poems and are descriptive in nature based on the everyday things of life like Kitchen Cupboards memories of friends travel visits to art galleries and world events These poems taught me about the magic of words and how they could form not just a framework for an idea but through the spaces between the words reveal the unseen in the ordinary the hidden gem in the everyday passing of time CHAPTER 6 VILLANELLES Villanelles are fun to do There are rules to follow which give the poem a repetitive structure and I have found when there is apparently nothing to say something comes forth through the shape of the Villanelle that can be surprising and has a life of its own I don't often use this form but when I do I always feel I should explore it more often
