Resources For Teaching Protective Behaviours:

Teaching Protective Behaviours to Young Children Carolyn Gelenter, Rachel Bailey, Belinda Riley, 2024-08-16 This teaching resource provides staff in education settings with a comprehensive way of supporting children aged 4-9 to learn that they have a right to feel safe and can talk with someone about anything even if it feels awful or small. Fully revised and updated, this second edition provides a practical application of the Protective Behaviours framework including suggested session plans and accompanying resources. The book explores a range of situations that are faced by children and teaches them to develop a practical understanding of how to reflect on feelings, take safe risks, make responsible choices, and problem solve if they do find themselves in a situation that is uncomfortable or unsafe. The book enables children to develop an awareness of what safe feels like both emotionally and physically. Empowers children to know and understand that they have the right to consent even from a young age and that there are strategies for getting help if needed. Gives children the skills to understand their feelings, thoughts, and behaviours and to make informed decisions based on their understanding of protective behaviours. Supports children to identify safe adults and to build a safety network. Provides guidance for children with varying communication abilities to communicate about their safety in multi-sensory ways. Includes ideas to share with parents, carers, and questions for adults to think about their own learning and practices. This new edition helps supporting adults teach sessions within an open time frame offering ideas that can be embedded beyond the classroom into the culture of the setting or school and into everyday practice with children. This resource is an essential tool for staff in early years and primary settings as well as other professionals supporting young children with safety. *Teaching Protective Behaviours to Young Children* Carolyn Gelenter, Nadine Prescott, Belinda Riley, 2017-07-05 This programme aims to provide children aged 4-7 years with awareness and strategies for keeping safe. Although it may be difficult to accept, children and young people from any community including those with disabilities can be put at risk of harm, abused or hurt regardless of their age, gender, religion or ethnicity. All children have the right to be safeguarded from abuse or neglect so they have the opportunity to reach their potential and be successful adults. Protective behaviours teaches children to develop an awareness of personal safety, helps them to identify and express their feelings, make choices and solve problems. First Steps to Safety has taken the core protective behaviour principles and created a teaching framework with overarching aims with supporting lesson plans, resources and activities in a 10-week programme that can be picked up and used by anyone in school wanting to empower children and young people of any age and any capability to develop personal safety. The information and strategies provided to children are generic and applicable across a range of situations that may arise, for example bullying, internet safety, being harmed, feeling sad or feeling unsafe. Sessions include my body parts, showing my feelings, my body thoughts and feelings, all go together, feeling safe, behaviour choices to empower children to feel safe and know they have a right to feel safe, to give children the confidence and ability to assertively manage their own safety, to children the skills to take responsibility for their

own bodies thoughts feelings and behaviour to enable children with a range of communication abilities to ask for help for children to have awareness of their body thoughts feelings and behaviour have a vocabulary to express how their thoughts and feelings affect their bodies know the early warning signs for feeling unsafe know they can make different behaviour choices based on feelings and know who good people are to go to for help and how to ask for help

Resources in Education, 2000 [Are You Okay?](#) Pete Wallis, 2010 *Are You Okay* deals with these issues that many adults may face when trying to help a young person in their care in the aftermath of a crime It provides detailed information on the different types of crime from assault and hate crime to cyberbullying and sexual abuse and explores how they may affect the young person in different ways

A Practical Resource for Supporting Children's Right to Feel Safe Liz Bates, 2021-11-17 For effective use this book should be purchased alongside the storybook *Something Has Happened A Storybook* This programme of activities created to be used alongside the storybook *Something Has Happened* has been designed to help children develop their own internal measure of safety and teaches them how to ask for help if they feel unsafe The sessions and activities in this book directly correlate to episodes in the storybook *Something Has Happened* covering the fundamental aspects of safeguarding as well as elements of the Protective Behaviours PB process Taking adults and children through a wide range of discussion points and activities all underpinned by clear guidance it acts as a starting point to help children understand that being safe from harm is the most important right they have and that the trusted adults around them will always take action to believe and protect them Key features of this resource include Session plans that directly link to events in the *Something Has Happened* storybook Clear detailed and accessible activity plans that can be used with whole classes small groups or with individual children Photocopiable activity sheets With a concise and accessible introduction to the right to feel safe and Protective Behaviours this is an invaluable resource for teachers support staff and other professionals working with both primary and lower secondary aged children
