Brueggemann,John McKnight,2016-01-19 Our seduction into beliefs in competition scarcity and acquisition are producing too many casualties We need to depart a kingdom that creates isolation polarized debate an exhausted planet and violence that comes with the will to empire The abbreviation of this empire is called a consumer culture We think the free market ideology that surrounds us is true and inevitable and represents progress We are called to better adapt be more agile more lean more schooled more more more Give it up There is no such thing as customer satisfaction We need a new narrative a shift in our thinking and speaking An Other Kingdom takes us out of a culture of addictive consumption into a place where life is ours to create together This satisfying way depends upon a neighborly covenant an agreement that we together will better raise our children be healthy be connected be safe and provide a livelihood The neighborly covenant has a different language than market hype It speaks instead in a sacred tongue Authors Peter Block Walter Brueggemann and John McKnight invite you on a journey of departure from our consumer market culture with its constellations of empire and control Discover an alternative set of beliefs that have the capacity to evoke a culture where poverty violence and shrinking well being are not inevitable a culture in which the social order produces enough for all They ask you to consider this other kingdom To participate in this modern exodus towards a modern community To awaken its beginnings are all around us An Other Kingdom outlines this journey to construct a future outside the systems world of solutions **Character-Based Film**

Maverick Dennis Broe, 2015-08-15 Demonstrates how Maverick The Legend of the West fractured altered or undermined nearly every Western code and myth Airing on ABC from 1957 to 1962 Maverick appeared at a key moment in television Western history and provided a distinct alternative to the genre's usual moralistic lawmen in its hero Bret Maverick A non-violent gambler and part-time con man Maverick's principles revolved around pleasure and not power and he added humor satire and irony to the usually grim-faced Western In this study of Maverick author Dennis Broe details how the popular series mocked altered and undermined the characteristics of other popular Westerns like Gunsmoke and Bonanza Broe highlights the contributions made by its creators its producer Roy Huggins and its lead actor James Garner to a format that was described as the American fairy tale Broe describes how Garner and Huggins struck blows against a feudal studio system that was on its last legs in cinema but was being applied even more rigidly in television He considers Maverick as a place where multiple counter-cultural discourses converged including Baudelaire's Flaneur Guy DeBord's Situationists and Jack Kerouac's Beats in a form that was acceptable to American households Finally Broe shows how the series validation of Maverick's outside the law status punctured the Cold War rhetoric promoted by the adult Western Broe also highlights the series female con women or flaneuses who were every bit the equal of their male counterparts and added additional layers to the traditional schoolteacher showgirl Western dichotomy Broe demonstrates the progressive nature of Maverick as it worked to counter the traditional studio mode of production served as a locus of counter-cultural trends and would ultimately become the lone outpost of anti-Cold War and anti-establishment sentiments within the Western genre Maverick fans and scholars of American television history will enjoy this close look at the classic series
